INFORMATION FOR POSTMASTERS

(1) **Reduction in Empire Letter Postage from 25th December, 1928.**—Reduced from 3 cents to 2 cents.

Postmasters will please note that, effective 25th December, 1928, the rate of postage on letters for Great Britain and all other places within the Empire is 2 cents for each ounce or fraction thereof.

The 2 cent letter rate applies on letters posted in Canada addressed to—

Great Britain (including Northern Ireland)	Mauritius
Irish Free State	Morocco (British Agencies)
Australia	Muscat
New Zealand	New Guinea (Papua)
South Africa, Union of	New Hebrides
India	Nigeria
Aden	Norfolk Island
Ascension	British North Borneo
Bahrein	Nyasaland Protectorate
British Somaliland	Palestine
Brunei	Papua
Cameroons (British Sphere)	Persian Gulf Ports
Ceylon	Pitcairn Island
Cook or Hervey Islands	Rhodesia
Cyprus	St. Helena
Egypt	Samoa
Falkland Islands	Sarawak
Fanning Island	Seychelles
Fiji Islands	Sierra Leone
French India	Solomon Islands
Gambia	South West Africa
Gibraltar	Sudan
Gilbert and Ellice Islands	Straits Settlements
Gold Coast Colony	Tanganyika
Hong Kong	Tibet
Kenya	Togoland (British)
Federated Malay States	Tonga
Malta	Tristan da Cunha
	Zanzibar

The 2 cent letter rate continues to apply to all places in the North American Continent as heretofore.

The Canada Official Postal Guide for 1929 went to press before these rates were reduced and Postmasters are requested to make the necessary corrections in their copies of the new Guide when received.

(2) **Transmission of Day-old Chicks by Parcel Post.**—Postmasters are informed that the service for the transmission of day-old chicks by Parcel Post in Canada will be renewed this year.

Live day-old chicks may be accepted from the 1st March to June 15th, at the risk of the sender, for transmission at Parcel Post Rates to places within Canada and the United States, provided the package in which they are contained is properly prepared and that delivery can be made to the addressee within 36 hours from the time of posting.

Day-old chicks must not be accepted for transmission if baggage car service, "catch-post" service, or service by water route is necessary—this does not include short water routes which are virtually ferry services. Shippers should consult the District Superintendent of Postal Service for information as to places to which the day-old chicks may be sent.

Parcels containing day-old chicks may not be insured.

Shipments of day-old chicks are to be transported outside of mail bags. It is recommended that the shipper affix a legibly written or printed notice to each such package, giving the following instructions, which postal employees are to carefully observe:—

"Day-old Chicks. This side up. Handle with special care.

Do not give food or drink to the chicks while in transit.

Despatch as quickly as possible and deliver to addressee promptly upon arrival at office of destination.

Do not place package in mail bag or cover with other mail matter.

Do not place near hot pipes, stoves or radiators or expose to cold winds or hot sun.

As far as possible protect them from all extremes of heat or cold."

(3) **Books sent to Accounting Firms for Audit Liable to Letter Rate.**—It has been represented that frequently parcels containing books or other documents sent by business concerns to accounting firms for audit, are erroneously charged parcel post rates instead of first-class postage, with the result that when delivery is being effected the addressee is caused the inconvenience and extra expense involved due to the fact that double the deficient postage has to be collected. The attention of Postmasters is therefore called to the fact that books or documents of this nature come under the general classification of commercial papers, and, as such, are liable to letter rate when addressed to places in Canada.

When parcels of books are being mailed to accounting firms it would be advisable for Postmasters to have special enquiry made as to the nature of the contents, in order that the proper amount of postage may be charged.

(4) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 190, page 49, of the Canada Official Postal Guide for 1928.

Postmasters are allowed the usual percentage on postage due stamps.

(5) **Removal of Postage Stamps from Mail Matter an Indictable Offence.**—The attention of the Department has again been drawn to a number of cases in which postage stamps have been removed from mail matter in course of transmission, particularly mail matter originating in other countries.

The special attention of all postal employees is drawn to the serious nature of this offence, and to Section 124 of the Post Office Act, which reads as follows:

"Everyone who, with fraudulent intent, removes from any letter, newspaper, or other mailable matter sent by post, any postage stamp which has been affixed thereon, or wilfully, with intent aforesaid, removes from any postage stamp or postcard, postband or wrapper which has been previously used, any mark which has been made thereon at any post office, is guilty of an indictable offence."

(6) **Acceptance of Registered Articles.**—When a registered article is presented for mailing every possible care is to be taken to see that—

(a) it is fully prepaid both as regards ordinary postage charges and registration fee (senders should be informed of the added protection afforded by the higher fees);

(b) the postage stamps are properly cancelled;

(c) the article is properly date-stamped on the address side, and twice back-stamped upon the closing flap;

(d) an entry is made in registered record;

(e) an impression of "Original No." stamp is placed on the cover and a number given the article; and

(f) a receipt duly completed is given to the sender.

(7) **Requests from business houses for Number of Patrons, etc., to be referred to Department.**—Postmasters have called attention to the fact that often they receive enquiries from business houses asking for information as to the number of patrons, etc. This information is available at the Department and Postmasters need not comply with such requests but should refer them to the Staff and Publicity Branch.

(8) **Facing Slips and Bag Labels to be furnished when reporting mis-sendings.**—Postmasters are reminded that when reporting a mis-sending to a district office the corresponding facing slip and bag label should be furnished. These exhibits are necessary in order that a thorough enquiry may be made.

(9) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following post offices:

Hilbre, Man.

Hulton, Man.

Brantford, Ont.

Brampton, Ont.

Hilltop, Man.

Hilton, Man.

Bradford, Ont.

Stratford, Ont.

Helston, Man.

Particular care should be taken in connection with mail addressed to these points.

(10) **Mail matter addressed to Campbellford, Ont.**—The District Superintendent, Ottawa, advises that a considerable quantity of mail matter intended for delivery to Campbellcroft, Ont., and Campbellville, Ont., is being received at Campbellford, Ont.

As this causes considerable delay, it is requested that the utmost care be taken in forwarding mail addressed to any of these points.

NOTICES

RULE 73 OF THE BOOK OF INSTRUCTIONS

It is observed that an increasingly large number of British and Colonial Money Orders are received in the Money Order Division without having the Exchange Office (International) Numbers written thereon, in accordance with the directions contained in Rule 73 of the Book of Instructions.

As this omission seriously impedes the audit procedure through the necessity of verification, Postmasters and Paying Officers are notified that greater care must be exercised, in future, to see that this regulation is carefully followed.

If British and Colonial Orders are received without the Exchange Office (International) Numbers written thereon as required, it will be necessary to disallow payment of the Orders, and to issue Debit Error Notices to the Offices of payment.

1 RULE 100 OF THE BOOK OF INSTRUCTIONS

Postmasters are informed that whereas Form M.O. No. 16 P.M., has been rendered obsolete, Rule No. 100 of the Book of Instructions is to be amended

by deleting the words: "He should be required to fill up Form M.O. No. 1 P.M.", and also the word "then" before "prepare" and by striking out everything after the words "The Form M.O. No. 16 P.M., etc.," and by the addition of the following sentence: The notation "Correct Advice issued at Remitter's request" is to be made on the Second Advice.

The Rule as amended should read :

"If the Remitter of an Order payable abroad personally applies for, desires that the name of the Payee be altered, the Postmaster must prepare Second Advice on Form M.O. No. 27 P.M., and forward it to the Superintendent Money Order Division, Ottawa.

The notation "Correct Advice issued at Remitter's request" is to be made on the Second Advice".

INFORMATION FOR POSTMASTERS

(1) **Reason for Non-delivery must be indicated on Letters Returned to Senders.**—Attention has been invited to the fact that many Postmasters are returning undeliverable letters and other articles to the senders without marking on the covers the reason for non-delivery (such as "Not called for", "Rejected", etc.), or stamping the articles with the Post Office date stamp.

In this connection, it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is returned to the sender, and that each such letter or other article should, at the same time, be stamped with the date stamp of the Post Office from which it is returned to the sender. (See section 196, page 50, Postal Guide 1928).

(2) **Information not to be furnished re Post Office Patrons.**—Section 242 on page 57 of the 1929 Postal Guide (section 241 of the 1928 Guide) is to the effect that no information is to be given respecting patrons or former patrons of post offices.

Postmasters are instructed that this regulation must be absolutely adhered to and if in any case information is furnished contrary to these instructions a serious view will be taken of the offence.

The above does not prevent Postmasters acting along the lines contained in the second paragraph of the sections above mentioned.

(3) **Labels on Householder Matter.**—Postmasters who received Departmental circular of the 2nd Oct., (Fin. Rev. 19), are reminded that Householder matter forwarded to other offices for distribution is to be accompanied by the official labels with the stamps affixed.

In this case the Postmaster of the receiving office, not of the despatching office, is to forward the address labels, with stamps attached, to the Department.

(4) **"Insured Parcel No....." stamp to be clearly indicated on Insured Parcels.**—Postmasters are reminded that the words "Insured Parcel No....." should be stamped or written on the face side of an insured parcel and that the parcel given the same number as the insurance receipt.

An insured parcel must also be carefully date-stamped so to show clearly the office of mailing and date of mailing.

Attention is also drawn to the regulation stating that parcels for insurance must be legibly and fully addressed and must bear the name and address of the sender.

(5) **Complete Address required on Insured and C.O.D. Parcels.**—Postmasters are reminded that insured and C.O.D. parcels must be fully addressed before they are accepted for mailing. As it is essential that this regulation be followed, Postmasters will caution employees accepting parcels that they must be fully addressed as to street and number or office building, and at the same time every effort should be made to bring to the attention of the public the importance of correctly addressing all articles of mail, pointing out the delay and possible loss which may result from their failure to co-operate in this

(6) **Mail Matter addressed to Graniteville, P.Q.**—The District Superintendent, Postal Service, Montreal, reports that correspondence addressed to Graniteville, Vt., and Graniteville, Mass., is being missent to Beebe, Que., which serves the Graniteville, Que., post office. As a certain amount of delay and inconvenience is caused through such missendings, Postmasters and Railway Mail Clerks are requested to exercise care in connection with mail addressed to these points.

(7) **Mail Missent to Humboldt, Sask.**—The Postmaster at Humboldt, Sask., reports that a considerable amount of mail matter addressed to Humboldt, Kans., Humboldt, Minn., and Humboldt, S. Dak., is being missent to his office. Postmasters and Railway Mail Clerks will please see that particular care is exercised in the sortation of mail addressed to these points.

(8) **Mail Matter addressed to Shirley, B.C.**—The District Superintendent at Vancouver, B.C., reports that a large quantity of mail matter addressed to Shirley, B.C., a non-post office point on Vancouver Island, is being forwarded in error to Shelley, B.C. As all mail matter addressed to Shirley, B.C., should be forwarded to Victoria, B.C., for delivery, Postmasters are requested to exercise particular care in the sortation of mail addressed to this point.

(9) **Air Mail Service to Panama Canal Zone.**—Effective 4th February, 1929, air mail may be despatched from Canada via Canadian and United States air mail services and by air mail service from Miami, Fla., to Cristobal, Canal Zone.

The service is semi-monthly and the air mail fee is 25 cents for each half ounce or fraction, to be prepaid by Canadian postage stamps, in addition to the ordinary Canadian postage.

Registration, if desired, is additional to the above.

Postmasters will please give the above every publicity.

(10) **Air Mail Service to Bahamas, Cuba, Dominican Republic and Porto Rico.**—Effective immediately, air mail may be despatched from Canada via Canadian and United States air mail services and by air mail services from Miami, Fla., to Havana, Cuba; Santo Domingo, Dominican Republic; San Juan, Porto Rico; and Nassau, Bahamas, B.W.I.

The service is tri-weekly and the following air mail fees prepaid by Canadian postage stamps, in addition to the ordinary Canadian postage, apply:—

Bahamas or Cuba.—5 cents per half ounce or fraction, in addition to the ordinary postage.

Dominican Republic or Porto Rico.—10 cents per half ounce or fraction, in addition to the ordinary postage.

Registration if desired is additional to the above.

Postmasters will please give the above every publicity.

(11) **Rates of Postage on Letters and Postcards from Other Countries to Canada.**—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:—

	Letter Rate		Postcards	Date

NOTICES

RE RULES 63 AND 285 OF THE BOOK OF INSTRUCTIONS

It has come to the attention of the Department that many Postmasters and Paying Officers are not observing the instructions contained in Rules 63 and 285 of the Book of Instructions, relative to the payment of Money Orders and Postal Notes to persons unknown to be the true Payees at the Offices of payment, in which cases such persons should be required to prove their identity.

Postmasters, more particularly those in the larger City Offices, will please, therefore, specially direct the attention of Paying Officers to the fact that they will be held strictly responsible should loss result to the Department through disregard of these regulations. If Card Forms M.O. No. 23 P.M., are not ready on hand, they should be immediately procured from the Equipment and Supply Branch, and conspicuously posted near the Paying Wickets.

INFORMATION FOR POSTMASTERS

(1) **Air Mail Service to Pickle Lake and Cat Lake Mining Areas, Ontario.**—Permission has been granted the Western Canada Airways, Limited, operating a semi-weekly air service between Allan Water, Ont., and the Pickle Lake and Cat Lake mining areas to convey such mail as is offered by the public for conveyance by this service, provided the senders assume all risk.

The requirements for the air mail are:—

1. "By air mail" to be prominently written on the address side.
2. The usual Canadian postage to be affixed on the address side.
3. A special aerial sticker sold by the Company or its agents representing a charge of 10 cents an ounce to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

Postmasters will please give the above every publicity through the press and otherwise.

(2) **Diversion to Customs of seeds received in small packages and envelopes by letter mail from places outside of Canada.**—The Department of National Revenue direct attention to the necessity of diverting to Customs all small packages and envelopes containing seeds received by letter mail from places outside of Canada.

(3) **Circulars, etc., mailed in tied packages.**—The attention of Postmasters and Rural Mail Couriers is specially invited to section 89, page 20 of the Canada Official Postal Guide for 1929, respecting circulars, etc., put up in tied packages to which an address label is attached and postage prepaying each individual item in the package affixed to the address label.

The Department is particularly desirous that this class of mail matter should be carefully delivered. Postmasters and Mail Couriers are, therefore, requested to see that whenever duly prepaid circulars, or other articles of third class matter prepared as outlined above are received for local delivery, that one and only one piece of such mail is delivered to each and every family receiving mail through their offices or on the rural routes.

At offices where Letter Carrier Delivery is in operation Postmasters will please issue special instructions to the letter carriers that the greatest possible care is to be exercised in the delivery of such circulars, etc., and that one and only one piece is to be delivered to each householder on each of the letter carrier walks as far as the supply received permits.

(4) Notice to Postmasters of Distributing Offices for Rural Routes.—It has been brought to the attention of the Department that in certain instances Rural Mail Couriers have accepted direct from the advertisers or agents handbills, circulars soliciting newspaper subscriptions, notice of meetings, etc., for distribution through Rural Mail Boxes, these items bearing no postage.

Postmasters of distributing offices for Rural Routes are accordingly to warn Rural Mail Couriers that it is a violation of Postal regulations to accept for distribution through Rural Mail boxes any matter not mailed in the regular way, and which does not comply with regulations in regard to postage.

(5) Lantern Slides available for Postal Talks.—Postmasters are reminded that in order to operate the Postal Service to the best advantage the co-operation of the mailing public is essential. This co-operation will come if Postmasters will take advantage of every opportunity to educate the public in postal problems. One of the most effective ways of doing this is through the medium of lantern slides shown at church gatherings, schools, business men's meetings, etc.

As in past seasons, sets of lantern slides, together with explanatory notes in regard thereto, have been furnished District Superintendents and Postmasters desiring to use them should arrange with their District Superintendents to obtain the slides and notes for the period required.

The slides and notes have been completely revised and Postmasters should have no hesitation in repeating the lecture at places where it may have been previously given.

There are approximately sixty slides in the set, showing the handling of mail in course of post and also pointing out the various services afforded by the Post Office. The talk should take about thirty-five minutes. It is the usual practice for the Postmaster or someone connected with his office to give the talk but in some cases the Secretary or other member of the society gives the talk—this being comparatively easy with the help of the notes provided and the assistance given by the Postmaster who, in such cases, should go over the slides and notes with the person giving the talk.

If at all possible, a lantern should be obtained locally. When a lantern cannot be obtained locally, early request should be made and Postmasters should state if electric current is available and if not, whether a storage (automobile) battery could be obtained.

Owing to the numerous requests for lectures alternative dates should be given.

Everything possible should be done to make use of this excellent way of reaching the public.

(6) Requisitions for Postal Notes.—As considerable numbers of requisitions on the obsolete forms P.N. 51 continue to be received, Postmasters are requested to in future prepare their requisitions for Postal Notes on the new forms P.N. 51 which contain the 10c. denomination. In each requisition the number of Notes sold of each denomination during the preceding month must be shown in column No. 1. If the Postmaster does not understand how to keep a record of the monthly sales on the new form P.N. 40 he should apply to the Financial Superintendent for instructions.

(7) Envelope No. 44 to be used in remitting money for postage stamps only.—Postmasters of Non-Accounting offices only are advised that envelope No. 44 (44½ Fr.), heretofore used for remittance of money for postage stamps and money for C.O.D. remittances, has been changed for use in remitting money for postage stamps only, and new envelopes No. 45 (45½ Fr.), is now in stock for remitting money for C.O.D. remittances only.

(8) Mail Matter addressed to Notre Dame de la Paix, P.Q.—The District Superintendent, Ottawa, reports that a considerable amount of mail is being received at Notre Dame de la Paix, Labelle County, intended for the following places:—

Notre Dame de la Paix, Co., Compton.
Notre Dame de la Paix, Verdun, near Montreal.
Notre Dame de la Paix Co., Beauce.

Postmasters are requested to exercise particular care in the sortation of mail addressed to these points.

(9) Similarity in Post Office names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following post offices:—

Richmond, Que.	Richmond, Ont.
Richmond, Indiana.	Richmond, Sask.

Particular care should be taken in connection with mail addressed to these points.

(10) Mail addressed to Josephburg, Alberta.—The District Superintendent at Calgary, reports that mail matter addressed to Josephburg, Alberta, a non-post office point, is frequently missent to Irvine, Alberta.

As all mail matter addressed to Josephburg should be forwarded to Fort Saskatchewan, Alberta, for delivery, Postmasters are requested to exercise particular care in the sortation of mail addressed to this point.

(11) **Mail Matter addressed to Burr, Sask.**—The Postmaster at Humboldt, Sask., reports that he is receiving at his office a considerable quantity of mail matter addressed to Burr, Sask., Mail so addressed should now be despatched to Carmel Station, Sask.

(12) **Mail addressed to Flint, Ontario.**—Postmasters will please note that mail matter addressed to Flint, Ontario, should be forwarded to Fort William, Ontario, and not to Port Arthur.

(13) **Air Mail Service to Panama Canal Zone.**—Effective 4th February, 1929, air mail may be despatched from Canada via Canadian and United States air mail services and by air mail service from Miami, Fla., to Cristobal, Canal Zone.

The service is semi-monthly, on the 1st and 15th of each month, and the air mail fee is 25 cents for each half ounce or fraction, to be prepaid by Canadian postage stamps, in addition to the ordinary Canadian postage.

Registration, if desired, is additional to the above.

Postmasters will please give the above every publicity.

(14) **Air Mail Service to Mexico.**—Effective immediately air mail may be despatched from Canada via Canadian and United States Air Mail Services and by Air Mail Service from Nuevo Laredo to Mexico City, Mexico.

The Service is daily and the Air Mail Fee is 10 cents for each half ounce or fraction, to be prepaid by Canadian postage stamps in addition to the ordinary Canadian postage.

Registration, if desired, is additional to the above.

Postmasters will please give the above every publicity.

INFORMATION FOR POSTMASTERS

(1) **Transmission of Day-old Chicks by Parcel Post.**—Postmasters are informed that the service for the transmission of day-old chicks by Parcel Post in Canada will be renewed this year.

Live day-old chicks may be accepted from the 1st March to June 15th, at the risk of the sender, for transmission at Parcel Post Rates to places within Canada and the United States, provided the package in which they are contained is properly prepared and that delivery can be made to the addressee within 36 hours from the time of posting.

Day-old chicks must not be accepted for transmission if baggage car service, "catch-post" service, or service by water route is necessary—this does not include short water routes which are virtually ferry services. Shippers should consult the District Superintendent of Postal Service for information as to places to which the day-old chicks may be sent.

Parcels containing day-old chicks may not be insured.

Shipments of day-old chicks are to be transported outside of mail bags. It is recommended that the shipper affix a legibly written or printed notice to each such package, giving the following instructions, which postal employees are to carefully observe:—

"Day-old Chicks. This side up. Handle with special care.

Do not give food or drink to the chicks while in transit.

Despatch as quickly as possible and deliver to addressee promptly upon arrival at office of destination.

Do not place package in mail bag or cover with other mail matter.

Do not place near hot pipes, stoves or radiators or expose to cold winds or hot sun.

As far as possible protect them from all extremes of heat or cold."

(2) **Honey Bees fed on Sugar Syrup transmissible by mail in Canada.**—Postmasters and other employees are requested to note that honey bees are now transmissible by mail in Canada when fed on sugar syrup.

The paragraph relating to this under Section 139, Page 30 of the Postal Guide is amended to read as follows:—

Queen bees and their attendant bees, when accompanied with a copy of a certificate of the current year from a government apary inspector to the effect that the apiary from which said queen bees are shipped is free from disease, or by a copy of a statement by the beekeeper, made before a notary public or other officer having a seal, that the honey used in making the candy used in the queen mailing cage has been diluted and boiled in a closed vessel, may be sent in the mails when so put up as to render it practically impossible that the package shall be broken in transit, or the persons handling the same be injured.

Honey bees in quantities may be sent in the mails under the same conditions as are prescribed for queen bees and their attendant bees when delivery can be made to the addressees within a period of five days. If the cages are wooden the material of which they are constructed shall not be less than three-eighths of an inch thick and the saw cuts therein or space between slats shall not be over one-eighth of an inch wide; if wire screen is used for the sides of the cages there shall be two thicknesses of screen separated by slats at least three-eighths of an inch in thickness. Semi-liquid food consisting of sugar syrup enclosed in a tin can with small holes in the bottom of the can to permit of a proper leakage of the food supply may

be placed in the cages. The food can shall be securely suspended in the cage with the top of the can wedged against the top of the cage. Cleats approximately 1 inch high shall be securely fastened on the bottom of the cages to prevent the escape therefrom of any syrup that the bees may fail to consume. Each cage shall be provided with a suitable handle and be marked on the top with the words "**this side up.**" Such parcels shall be transported outside of mail bags.

(3) Special Handling of Spring Hats.—In view of the increase of fragile shipments—mostly hats, owing to the Spring season—postmasters are requested to give special attention to shipments of this nature. Fragile parcels should be well packed and should be conspicuously endorsed or labelled "Fragile—with care."

Fragile parcels are to be despatched in "brown striped," "all red" or "all blue" bags, of which a supply should be on hand. Even if there is only one fragile parcel for despatch it should be placed in a "brown striped," "all red," or "all blue" bag.

All postal employees are specially warned not to roughly handle fragile parcels or "brown striped," "all red," or "all blue" bags containing fragile parcels nor to throw them on the floor or onto mail trucks or into postal or baggage cars and under no circumstances to sit on or walk over sacks of mail matter.

In piling, loading or unloading matter "brown striped," "all red" and "all blue" bags containing fragile articles should be kept on top.

(4) Date-stamping of Postal Notes.—A considerable proportion of the Postal Notes issued and paid are not properly date-stamped. The impressions of the date-stamps are in many cases so indistinct as to be illegible; and in some cases the date-stamping of the notes is altogether omitted. As it is important that the impressions of the date-stamps on Postal Notes shall clearly indicate the dates on which they were issued and paid. Postmasters, particularly at the smaller offices. (which are most at fault) are requested to see that greater care is exercised in regard to the date-stamping. If the date-stamp, ink, or inking pad are not in proper condition, application should be made at once for whatever may be required to remedy the matter.

(5) Cheap Watches, Articles of Jewellery, Fountain Pens and Eversharp Pencils having a value of not over \$5 may be Insured under Special Conditions.—Postmasters are again reminded that cheap watches, articles of jewellery, fountain pens and Eversharp pencils or similar pencils having a value of not over \$5 may be accepted for insurance provided they are put up in parcels of a minimum size of 36 cubic inches or a combined length and girth of at least 16 inches having plain wrappers or stickers bearing only the name and address of the senders. For example such parcels must be at least 6 inches by 3 inches by 2 inches, or 8 inches by 2 inches by 2 inches, etc.

(6) "Insured Parcel No. . . ." stamp to be clearly indicated on insured parcels.—Postmasters are reminded that the words "Insured Parcel No. . . ." should be stamped or written on the face side of an insured parcel and the parcel given the same number as the insurance receipt.

An insured parcel must be also carefully date-stamped so to show clearly the office of mailing and date of mailing.

Attention is also drawn to the regulation stating that parcels for insurance must be legibly and fully addressed and must bear the name and address of the sender.

(7) Proper Cancellation of Postage Stamps.—Re proper cancelling of postage stamps, Postmasters are warned that frequent checks will be kept with a view to ascertaining whether post offices are properly performing this important duty.

To ensure proper date stamping and cancellation the following points should be observed:—

- (1) Keep the type in the dating stamp clean by brushing it—a tooth brush will answer the purpose and the stamp can be thoroughly cleaned in a minute or two.
- (2) Keep the stamping pad well inked.
- (3) Shake the ink thoroughly before placing it on the pad.
- (4) Rub the ink well in with the wooden muller.
- (5) Scrape the pad occasionally to remove the dust which accumulates and becomes clogged with ink.
- (6) Do not allow stamping pad to become too much worn to properly hold the ink.

(8) Mail missent to Rodney, Ontario.—The Postmaster at Rodney, Ontario, reports that a considerable amount of mail matter addressed to Rodney, N.S., a non-Post Office point, and Rodney, Mich., is being missent to his office. Postmasters and Railway Mail Clerks will please see that particular care is exercised in the sortation of mail addressed to these points.

(9) Mail addressed to Sillville, Ontario.—The District Superintendent of Postal Service, Ottawa, reports that a considerable quantity of mail intended for delivery at Sillville, Ontario, is being received at Stittsville, Ontario.

As this causes a certain amount of delay and inconvenience, postmasters are requested to exercise particular care in the sortation of mail addressed to these points.

(10) Imperial Reply Coupons.—In future Imperial reply coupons received from places within the British Empire for the purpose of prepaying replies to letters may be exchanged at any post office for a 2c. Canadian postage stamp.

Postmasters will please substitute the following for the second paragraph of section 311, page 65 in the 1929 postal guide. "Persons receiving Imperial reply coupons in letters from any country within the Empire can have them exchanged at any post office for Canadian stamps of the value of 2c."

NORTHWEST TERRITORIES

INFORMATION FOR POSTMASTERS

(1) Air Mail Service to Rottenstone District, Northern Saskatchewan.—Permission has been granted the Western Canada Airways, Limited, operating a semi-weekly air service between Prince Albert, Saskatchewan and the Rottenstone District, Northern Saskatchewan, via Waskesiu, Montreal Lake, and Lac La Ronge, Saskatchewan, to convey such mail as is offered by the public for conveyance by this service, provided the senders assume all risk. The requirements for the air mail are:—

1. "By air mail" to be prominently written on the address side.

2. The usual Canadian postage to be affixed on the address side.

3. A special aerial sticker sold by the Company or its agents representing a charge of 10 cents an ounce to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

Postmasters will please give the above every publicity through the press and otherwise.

(2) Air Mail Service to Mackenzie River District.—Permission has been granted the Western Canada Airways Limited, operating an air service between Waterways, Alta., and Aklavik, N.W.T., to convey such mail as is offered by the public for conveyance by this service, provided the senders assume all risk.

The frequency of the service and points served are as follows:—

Frequency.

Points served.

Semi-weekly..... Waterways, Alta., to Fort Resolution, N.W.T., with intermediate stops at Fort Chipewyan, Alta., and Fort Smith, N.W.T.

Weekly..... Fort Resolution, N.W.T., to Fort Simpson, N.W.T.

As occasion offers..... Fort Simpson, N.W.T., to Aklavik, N.W.T.

The requirements for the air mail are:—

1. "By aerial mail" to be prominently written on the address side.

2. The usual Canadian postage to be affixed on the address side.

3. A special aerial sticker sold by the Company or its agents representing a charge of 10 cents an ounce to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

Postmasters will please give the above every publicity through the press and otherwise.

(3) Special Post Office Investigator.—The Postal Service is informed that Mr. W. J. Cantwell has been appointed Special Post Office Investigator.

(4) Summer Mail Service to Yukon.—Attention is invited to the fact that navigation in the Yukon will open about the 25th May. Parcel Post service will then be resumed.

Postmasters will please give the above every publicity through the press and otherwise.

(5) Local Daylight Saving.—It is necessary in all cases that arrangements shall be made to despatch and receive mails in accordance with the railway time tables; but in the matter of the time of the opening and closing of post offices the postmaster may be guided by the action of the municipal authorities, that is, in any place where the local authorities decide to adopt daylight saving time, the postmaster may do likewise—he should in all cases, be guided by what is in the best interests of the public service.

(6) Cash withdrawals from Savings Bank accounts increased from \$25 to \$50.—Authority has been given to increase the limit for cash withdrawals from Savings Bank accounts from \$25 to \$50.

A depositor is permitted to withdraw cash on demand, up to \$50 in any one day, by presenting his Pass Book, identifying himself, giving a receipt, and having the payment duly entered in his book.

Postmasters at Savings Bank offices are, therefore, requested to amend paragraphs 206 and 213 of the *Book of Instructions*, and paragraph 13, page 212 of the *Canada Official Postal Guide*, in accordance with the above ruling.

(7) Letter Carrier Delivery at Truro, N.S.—Postmasters are requested to note that as letter carrier delivery is now in operation at Truro, N.S., this Post Office should be added to the list given at section 13, page 8 of the 1929 postal guide of places where letters prepaid with the necessary fee may be delivered by special messenger.

(8) Special handling of Shipments of Eggs.—Attention has been invited to the fact that in a number of cases shipments of eggs sent by parcel post have not been treated as fragile parcels, resulting in heavy losses to those concerned. In this connection Postmasters are requested to see that when shipments of eggs are presented for mailing, the eggs are packed in the manner described in the regulations on page 30 of the *Postal Guide* and that the package is conspicuously marked "Fragile—with Care."

Fragile parcels of this nature are to be despatched in "fragile" bags of which a supply should be on hand.

All postal employees are specially warned not to handle roughly fragile parcels or bags containing fragile parcels, and under no circumstances to sit on or walk over sacks of mail matter. In piling, loading or unloading matter, "fragile" bags should be kept on top.

(9) Return of Third Class Matter.—Complaints have been received that articles of third class matter bearing the address of the sender and failing in delivery are not returned to the sender in accordance with existing Postal Regulations.

Postmasters are reminded that a request, whether printed or written, on any article of third class matter addressed to a place in Canada for its return in case of non-delivery is to be complied with. A charge is made for such direct return equal to the original postage charge. In cases, however, where a number of circulars, etc., are being returned to the same address in one packet, the return postage may be charged on the bulk weight.

Undelivered articles of third class matter of Canadian Origin which bear the sender's address are to be returned direct to the senders under the same conditions as "request" matter of like description mentioned above.

Postmasters will please see that these instructions are strictly followed. (See sections 115, 116 and 117, page 24 of the 1929 Postal Guide).

(10) Registration fee required on registered letters addressed to Government Departments.—Postmasters are reminded that while correspondence on public business addressed to Public Departments as set forth in sec. 160, page 40 of the Postal Guide, may be forwarded free of ordinary postage, the usual registration fee must be prepaid if the letters are to go forward under registration.

There is no change in practice as regards mail matter sent to the Post Office Department by its Outside Service. Such matter sent under registration must be restricted to a minimum.

11. Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following post offices:—

Morrisburg, Ont.	Morrisburg, Ont., a non-P.O. point.
Williamsburg, Ont.	Williamstown, Ont.
Coal Creek, N.B.	Cache Creek, B.C.
Goose Creek, N.B., non-Post Office point.	
Criss Creek, B.C.	Cross Creek, N.B.

(12) Mail addressed to Meleb, Manitoba.—The District Superintendent of Postal Service, Calgary, reports that a considerable quantity of mail matter addressed to Meleb, Manitoba, is being received at Meleb, Alberta.

As this causes a certain amount of delay and inconvenience, Postmasters are requested to exercise particular care in the sortation of mail addressed to these points.

(13) Mail addressed to Dowling, Alberta.—The District Superintendent of Postal Service, Calgary, reports that a considerable quantity of mail intended for delivery at Dowling, Alberta, is being received at Downing, Alberta.

As this causes a certain amount of delay and inconvenience, postmasters are requested to exercise particular care in the sortation of mail addressed to these points.

(14) Unpaid or Shortpaid Postcards addressed to United States.—Postcards, including pictorial cards, posted in Canada by tourists and others, addressed to the United States, which are either wholly unpaid, shortpaid, or prepaid by United States postage stamps, are to be forwarded to destination taxed double the deficiency at postcard rate.

When the cards are prepaid with United States postage, they are, in addition, to be marked with an "O" beside the stamp.

(15) Changes in 1929 Postal Guide.—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1929 Guide.

INFORMATION FOR POSTMASTERS

(1) **Reduced Postage Rates to France.**—Postmasters will please note that, effective immediately, the rate of postage on letters from Canada to France is 2 cents for each ounce or fraction thereof—single post cards, two cents each. Other postage rates to France remain unchanged.

(2) **Air Mail Service between Edmonton and Grande Prairie, Alberta.**—Permission has been granted to the Commercial Airways Limited of Edmonton, Alberta, to convey letters by airplane between Edmonton and Grande Prairie, Alberta, on other than regular mail days, under the following restrictions governing "sticker" air mail services:—

- (1) The words "Via Air Mail" to be prominently written on the address side of the letter.
- (2) The usual Canadian postage to be affixed to the address side of the envelope.
- (3) A special "sticker" sold by the operating Company or its agents, representing a charge of 10 cents per ounce or fraction in payment of the special charge for transmission by aerial service, to be placed on the reverse side of the envelope.
- (4) Senders to assume all risk.

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY.

(3) **Permit required at all Seasons for Despatch of Raw Furs out of Province of British Columbia.**—In accordance with "The Game Act" of British Columbia, any pelts or skins of fur bearing animals, trapped or taken in the Province, when shipped to points outside the Province must at all seasons of the year be accompanied by an export permit issued by the Provincial Game Warden, and parcels offered for such conveyance by post should not be accepted at Post Offices in British Columbia unless the necessary permit from the Game Warden is furnished. The permit should accompany the shipment to its destination and the Postmaster should make a note of the permit number for his records.

(4) **Sealed Packages of Excise Stamps Transmissible at Printed Matter Rates.**—Postmasters are informed that sealed packages not exceeding 15 pounds in weight, containing excise stamps, may be transmitted at the printed matter rate of one cent for each two ounces or fraction of two ounces, provided these packages are posted by an official or authorized agent of the Department of National Revenue and bear on the outside a description of the contents.

(5) **Return of Third Class Matter.**—Postmasters are reminded that a request, whether printed or written on any article of third class matter addressed to a place in Canada, for its return in case of non-delivery, is to be complied with. A charge is made for such direct return equal to the original postage charge. In cases, however, where a number of circulars, etc., are being returned to the same address in one packet, the return postage may be charged on the bulk weight.

Undelivered articles of third class matter of CANADIAN ORIGIN which bear the sender's address are to be returned direct to the senders under the same conditions as "request" matter of like description mentioned above.

Postmasters will please see that these instructions are strictly followed. (See sections 114, 115, and 116, page 24 of the 1929 Postal Guide.)

(6) **Care to be Exercised in Estimating Supplies Required.**—The Equipment and Supply Branch advise that Postmasters very frequently send several requisitions within the month for supplies instead of estimating properly and forwarding one requisition only.

The added labour entailed in filling several requisitions instead of one, together with the extra quantity of wrapping paper, twine and handling of excessive number of parcels in the mails can be eliminated to a great extent if Postmasters of Accounting and Non-accounting offices will immediately make an inventory of the stock of forms on hand and carefully estimate requirements for a three months period.

Care should be exercised to requisition for quantity only absolutely necessary to meet requirements of the office for three months and also to give exact quantity of stock on hand at time of requisition.

Care should always be taken to have printed forms on hand kept in a neat and clean condition.

(7) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 191, page 49 of the Canada Official Postal Guide for 1929. Postmasters are allowed the usual percentage on postage due stamps.

(8) **Prompt Date Stamping of Letters.**—The attention of postmasters is directed to the fact that letters should be in all cases date stamped on the day that they pass into the possession of the post office. The post office date stamp on a letter is often the only prima facie evidence of mailing and is accepted by the courts as legal evidence that a letter was mailed on a stated date.

Postmasters are requested to give this matter their special attention and see that particular care is taken to promptly date stamp all letters posted at their offices.

(9) **Correct Addressing.**—In the Bulletin of May 5th, 1928, it was pointed out that during the fiscal year 1926-27, over 2,300,000 articles were received at the Dead Letter Office, because of insufficient addressing, non-payment of postage, etc.

Following the publicity given to this and to the fact that an enormous economic loss resulted from this incorrect addressing, etc., there was a betterment of the situation but there is need for still further improvement. Business men should be urged to give particular care to the preparation of their mail including their circular advertising.

One of the greatest sources of faulty addressing is the use of inaccurate mailing lists and every business man should keep constantly before his clerks the slogan:

"KEEP YOUR MAILING LISTS UP TO DATE."

This is essential not only to prevent waste, but also because of the effect on the addressee of receiving carelessly addressed or otherwise badly prepared pieces of mail. Particular care should be taken to see that the name is correctly spelled, that the full Christian name or initials are used and that no attempt is made to economize in addressing by leaving off any portion of the address. This is a form of economy which is apt to prove a "boomerang" because the effect on the prospective customer of faulty spelling of a name or other indication of slipshod methods is sure to be anything but favourable. If an article is worth mailing it is worth receiving the best of attention in the way of full address, etc. If the addressing is done by a firm's own employees, then the management should see that the lists are kept up to date and that every piece of mail is checked before despatch; if the mailing is undertaken by firms engaged in handling mailing campaigns, then the advertiser should see that his work is given to a reliable concern and not merely to one which quotes the lowest price per 1,000 for addressing. A loss of one or two prospective customers will usually more than off-set any slight saving which might be effected by taking inferior work.

Postmasters should bring the above to the attention of firms using mailing lists and in this connection it may be pointed out that Post Office rural directories will be of great assistance in preparing such lists.

(10) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:

Milton West, Ont.	Malton, Ont.
Wilton, Ont.	Hilton, Ont.
Rutland Station, Sask.	Ruthilda, Sask.
Perce, Que.	Price, Que.
Arpin, Ontario.	Arpin, Quebec.
Oliver, Alberta (non Post office point)	Oliver, B.C.

Particular care should be taken in connection with mail addressed to these points.

(11) **Mail Matter Addressed to South Cayuga, Ontario.**—The Postmaster at Cayuga, Ontario reports that mail matter addressed to South Cayuga, Ontario (also written S. Cayuga, So. Cayuga, Cayuga S.) is being forwarded to his office.

The attention of Postmasters and Railway Mail Clerks is called to the fact that mail matter addressed to South Cayuga, Ontario, should be forwarded to Dunnville, Ontario.

(12) **Attention Postmasters, Non-accounting Post Offices.**—Postmasters will find enclosed with the Monthly Supplement copy of a C.O.D. poster, which they are requested to have displayed in Post Office lobbies for the information of the public.

(13) **Correction—May Supplement.**—With reference to notice No. 11 appearing on page 9 of the May 1929 Supplement, in regard to the similarity in post office names, attention is directed to the fact that owing to a typographical error "Mooresburg, Ontario, a non-post office point" is shown as "Morrisburg, Ontario, a non-post office point."

Postmasters are requested to amend their May Supplement accordingly.

(14) **Rates of Postage on Letters from France to Canada.**—Postmasters are advised that the rate of postage on letters from the country mentioned below, is as follows:—

	LETTER RATE	
	1ST WEIGHT	2ND WEIGHT
France	75 centimes.	

Surcharges should be collected according to Post Office markings.

The above are to be substituted for the corresponding entries on page 12 of the March, 1929, Supplement to the Postal Guide.

(15) **Air Mail Service to Central and South America.**—Effective immediately, air mail may be despatched from Canada via Canadian and United States air mail services and by air mail service via Miami, Fla. and Cristobal, Canal Zone, to Belize, British Honduras; Tela, Republic of Honduras; Managua, Nicaragua; Esmeraldas and Guayaquil, Ecuador; and Talara, Trujillo, Lima and Mollendo, Peru.

A service will be provided later to points in Colombia and will be extended to Chile as soon as operating arrangements are completed.

The service is weekly, starting from Cristobal each Friday, and the following air mail fees, prepaid by Canadian postage stamps in addition to the ordinary Canadian postage, apply:—

BRITISH HONDURAS AND REPUBLIC OF HONDURAS.

15c. per half ounce or fraction, in addition to the ordinary postage.

NICARAGUA.

25c. per half ounce or fraction, in addition to the ordinary postage.

ECUADOR.

40c. per half ounce or fraction, in addition to the ordinary postage.

PERU.

55c. per half ounce or fraction, in addition to the ordinary postage.

Registration, if desired, is additional to the above.

Articles intended for transmission over this route should be endorsed "Par Avion" or "By Air Mail" "via Miami."

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY. ✕

(16) **Insurance of Parcel Post for Leeward Islands.**—Postmasters are informed that on and after the 1st July, 1929, parcel post posted in Canada for transmission by the direct parcel post route to the Leeward Islands may be accepted for insurance under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply for the Leeward Islands, so that the scale of insurance fees will be as follows:—

12 cents for insurance not exceeding \$50.00,

30 cents for insurance exceeding \$50.00, but not exceeding \$100.00.

(17) **Postage Stamps for U.R.S.S.**—A notice has been received from the Administration of the U.R.S.S. that exchange of postage stamps between foreign philatelists and private individuals in the Territory of U.R.S.S. has been strictly prohibited and that all enquiries or exchanges must be made through the Association Philatélique Soviétique, otherwise articles relating to the exchange of stamps found in the mails will be confiscated.

(18) **Changes in 1929 Postal Guide.**—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1929 Guide.

INFORMATION FOR POSTMASTERS

✓ (1) **Air Mail Service:—a new Division of the Postal Service Branch.**—A new Division of the Postal Service Branch of the Department has been created, to deal with all matters pertaining to the carriage of mails by Canadian air services. This new Division will be known as the Air Mail Service.

All regulations governing Canadian air mail services and the character of mail matter to be carried by air, also all instructions relative to air mail services, both existing and proposed, and as to variations in schedule both for Canadian and United States air mail routes, will issue from this new Division.

All correspondence, statements, accounts, reports and returns of any description pertaining to Canadian air mail, whether in connection with air mail services already in operation or proposed; all applications for air mail service; all accounts for air mail services performed, side services or incidental expenses in connection therewith;—in fact all matters affecting in any particular the conveyance or proposed conveyance of mail by air, will be dealt with by this new Division, and all such correspondence, etc., should accordingly be addressed to the Postmaster General for General Superintendent of Postal Service (Air Mail Service Division).

✓ (2) **Chief Superintendent—Air Mail Service.**—The Postal Service is informed that Mr. George Herring has been appointed Chief Superintendent of Air Mail Service.

(3) **Special Handling of Shipments of Eggs.**—Attention has been invited to the fact that in a number of cases shipments of eggs sent by parcel post have not been treated as fragile parcels, resulting in heavy losses to those concerned. In this connection Postmasters are requested to see that when shipments of eggs are presented for mailing, the eggs are packed in the manner described in the regulations on page 30 of the Postal Guide and that the package is conspicuously marked "Fragile—With Care."

Fragile parcels of this nature are to be despatched in "fragile" bags of which a supply should be on hand.

All postal employees are specially warned not to handle roughly fragile parcels or bags containing fragile parcels, and under no circumstances to sit on or walk over sacks of mail matter. In piling, loading or unloading matter, "fragile" bags should be kept on top.

(4) **Alteration or cancellation of C.O.D. charges permitted.**—Postmasters' attention is invited to the following regulations appearing at the bottom of page 5 of the pamphlet "C.O.D. Service within Canada":—

The charges on C.O.D. articles may be increased, decreased or cancelled upon request of the sender, made through the Postmaster at the office of mailing.

A letter authorizing the change in collection is to be filed by the sender with the Postmaster at the office of mailing, who will in turn forward the letter with full particulars as to C.O.D. number, date of mailing, etc., to the Postmaster at the office of address.

In case telegraphic advice is necessary the telegram is to be sent by the Postmaster of the office of mailing, but is to be paid for by the sender of the article.

Such telegraphic advice must be immediately confirmed by letter.

Postmasters accepting requests for cancellation or alteration of C.O.D. charges must make sure that the request is from the actual sender and in case of doubt should require that the sender's receipt be produced.

In the event of a request for alteration or cancellation of charges being received by a Postmaster at the office of address direct from the sender, the Postmaster may, if he is satisfied that the request is from the actual sender, comply with it, notifying the Postmaster at the office of mailing of his action with a request for verification.

A letter of authority for the alteration or cancellation of the charges should in all cases be attached to, and filed with the delivery office record.

If the C.O.D. charges be raised so that additional C.O.D. fee is necessary the extra amount should be collected by the mailing postmaster when complying with sender's request."

Postmasters and all postal employees should make themselves thoroughly familiar with the above regulations.

(5) Post Office Robberies.—There is a tendency during the summer season for Postmasters to exercise less vigilance in protecting their premises from dishonest persons at night, with the result that robberies and thefts are sometimes committed which might be avoided with a little extra care. Postmasters will, therefore, please carefully observe the following instructions:—

(1) Doors and windows of Post Office premises should be carefully locked and bolted at night.

(2) Post Office valuables must be given maximum protection at all times, but particularly after the office is closed for the day. If there is a safe on the premises these valuables should be placed therein. Attention is particularly directed to the fact that if the investigation following a robbery discloses that sufficient protection was not accorded Post Office property, either through carelessness or indifference, the Postmaster will be required to make good any loss involved.

(3) In all cases where a robbery has been committed, the Postmaster should immediately report same by wire or telephone to the District Superintendent.

(6) Printed Matter from Department of Agriculture, Ottawa, not to be Re-directed.—It is requested by the Department of Agriculture at Ottawa that printed matter received from that Department addressed to persons who have moved away should not be re-directed to those persons, but should be returned to the Publications Branch, Department of Agriculture, Ottawa, with the new address written on the envelope, in order that the Departmental mailing list may be corrected.

Postmasters are instructed to make a note of this request and to see that it is complied with in their offices.

(7) Paid Postal Notes must be Initialed.—At Post Offices at which more than one official performs the work connected with the issue and payment of Postal Notes, all Postal Notes paid in cash must be initialed by the persons who actually effect the payments. When a Postal Note is paid, the paying officer must immediately affix an impression of the date stamp and then initial the note. The initials may be written beside or close above the space for the date stamp of the paying office.

(8) Similarity in Post Office Names.—The District Superintendent of Postal Service, Calgary, reports that frequently mail matter is received at Benton Station, Alberta intended for the following places:—

Benton, N.B.	Berton, Man. (non-Post Office point).	Bentley, Alta.
Benton, Ala.	Benson, Sask.	Dinton, Alta. (non-Post Office point).
Benton Siding, B.C. (non-Post Office point.)	Beaton, B.C.	Benton Harbour, Mich.

Attention is also directed to the similarity in the names of the following Post Offices:—

Souris, Man.	Souris, P.E.I.
Chapleau, Ont.	Souris, North Dakota.
Carlton Hill, Alta.	Chapeau, P.Q.
	Carleton Place, Ont.

As this causes a certain amount of delay and inconvenience Postmasters and Railway Mail Clerks are requested to exercise particular care in the sortation of mail addressed to these points.

(9) Mail Matter addressed to Jacobs, Ont.—The Postmaster at St. Jacobs, Ont., reports that mail addressed to Jacobs, Ont., is being forwarded to his office. The attention of postmasters and railway mail clerks is called to the fact that mail addressed to Jacobs, Ont., should be forwarded to Allan Water, Ont.

(10) Air Mail Service to Colombia and Dutch West Indies.—Effective immediately, air mail may be despatched from Canada via Canadian and United States Air Mail Services and by Air Mail Service from Miami, Fla., via Cristobal, Canal Zone, to Cartagena and Barranquilla, Colombia, and to Curacao, Dutch West Indies.

The service is weekly starting from Cristobal each Friday and the Air Mail fee is 40c. for each ½ ounce or fraction, to be prepaid by Canadian postage stamps, in addition to the ordinary Canadian postage to the country of destination.

Registration, if desired, is additional to the above.

Articles intended for transmission over this route should be endorsed "Par Avion" or "By Air Mail" "via Miami."

Postmasters will please give the above every publicity.

(11) **Air Mail Service in Australia.**—The Australian Postal Authorities advise that effective immediately air mail may be despatched to Australia for conveyance over the weekly Air Service in operation between Adelaide (South Australia) and Perth (West Australia) which will reduce the time occupied in the transit of mails between South Australia and West Australia two full days.

All classes of registered and unregistered mail matter (except parcels) will be accepted for conveyance over the service and the fee for air transmission in Australia will be 6 cents per half ounce or fraction thereof, to be prepaid by Canadian postage in addition to 5 cents for the first ounce and 10 cents for each additional ounce or fraction, if transmission by air mail service in Canada or the United States is also desired.

If air transmission in Australia only is desired, the article should be prepaid at the rate of 6 cents per half ounce or fraction, in addition to the regular postage rate from Canada to Australia.

Registration if desired is in addition to the above.

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY.

(12) **Taxing Shortpaid Correspondence to Foreign Countries.**—Postmasters are informed that complaints are being received from International Postal Administrations that shortpaid correspondence for foreign countries is not properly marked by Canadian Exchange Offices. In some cases the amount of the surcharge is marked in Canadian cents, whilst in others a bare number only without the sign "T" and no indication that the figures represent francs and centimes, is written in pencil and therefore, the wrong surcharge is collected from the addressee. Postmasters are referred to the instructions in section 295, page 64 of the 1929 Postal Guide which are to be strictly followed.

(13) **Parcel Post for Italy.**—Postmasters are informed that the rates of postage on parcel post for Italy, forwarded by way of France, have been revised, and until further notice, the rate on parcels weighing over 10 pounds and up to 15 pounds will be \$2.25.

(14) **Parcel Post for Fanning Island via Vancouver and Australia.**—Postmasters are informed that the rates on parcel post parcels via Vancouver and Australia, for Fanning Island, have been altered and will, until further notice, be as follows:—

1 lb.....	24c.	4 lbs.....	84c.	8 lbs.....	\$1.64

3 lbs.....	64c.	6 lbs.....	1.24	10 lbs.....	2.04

INFORMATION FOR POSTMASTERS

(1) **New Air Mail Service.**—MONTREAL-DETROIT.—On the 15th July 1929, regular air mail service, daily except Sunday, each way, was inaugurated between Montreal and Detroit, via Toronto, Hamilton, London and Windsor.

This new service places the Prairie Provinces and the Canadian Far West in close touch with Eastern Canada and Western Ontario through the United States air mail system and will enable material gains in time to be effected both ways.

The following are typical of the gains made on the Westbound movement.

Mail connecting with plane leaving Montreal at 9.15 A.M. (S.T.)

Arrives at	By Air	By Rail	Gain
Toronto.....	12.00 noon 1st day	5.40 P.M. 1st day	18 hours
Detroit.....	4.40 P.M. 1st day	12.35 A.M. 2nd day	8 hours
Chicago.....	7.20 P.M. 1st day	7.25 A.M. 2nd day	12 hours
Winnipeg.....	11.20 P.M. 2nd day	10.00 A.M. 3rd day	11 hours
Vancouver.....	2.30 P.M. 3rd day	9.30 A.M. 5th day	48 hours
Los Angeles.....	5.25 P.M. 2nd day	8.30 A.M. 5th day	63 hours

Similar gains are made on the Eastbound movement.

Matter to be conveyed in this way will require to be prepaid at the air mail rate of 5c. for the first ounce and 10c. for each succeeding ounce or fraction, and may be accepted for registration and special delivery if the required fees are prepaid in addition to postage at the air mail rate. Air Mail letters should be plainly marked "Via Air Mail" and enclosed, if possible, in special air mail envelopes such as can be obtained at most stationery stores. Whenever possible, air mail stamps should be used to prepay the postage, but if such stamps are not available ordinary Canadian postage stamps may be used.

If the public, and particularly business men, can be induced to test the time-saving qualities of this new service, there is no doubt that they will become habitual users of air mail.

The energetic co-operation of Postmasters in bringing this to the attention of their patrons will not only benefit the mailing public, but have a definite bearing on the future development of air mail activities in Canada.

TORONTO-BUFFALO.—On the same date, 15th July, 1929, regular daily except Sunday air mail service was inaugurated between Toronto and Buffalo, to afford direct connections between Toronto and vicinity and the United States air mail system. By means of this service important train connections out of Buffalo are made that would otherwise be missed. The planes leave Toronto at 5.30 P.M. Eastern Standard Time and arrive at Buffalo approximately forty-five minutes later, and connect with mail trains arriving the following morning in New York City in time for the first delivery throughout that city.

(2) **"Sticker" Air Mail Service from Prince Albert, Sask., to Rottenstone Lake Area.**—Permission has been granted the Cherry Red Airline Limited of Prince Albert, Sask., operating an air service between Prince Albert and Rottenstone Lake, Saskatchewan, to convey such mail as is offered by the public for conveyance by this service, provided the senders assume all risk.

The frequency of the service and points served are as follows:

Frequency	Points Served
Semi-weekly	Lac la Ronge
Uncertain	Montreal Lake
Uncertain	Stanley
Uncertain	Rottenstone
Uncertain	Ile a la Crosse
Uncertain	Moose Point

The requirements are:—

1. "By Aerial Mail" to be prominently written on the address side of letters.
2. The usual Canadian postage to be affixed on the address side.
3. A special aerial sticker sold by the Company or its agents, representing a charge of 10 cents per ounce to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

Postmasters will please give the above every publicity through the press and otherwise.

(3) **District Superintendent of Postal Service, Halifax.**—The Postal Service is informed that Mr. E. F. Macdonald has been appointed District Superintendent of Postal Service, Halifax.

4. **Postage Stamps not to be Overlapped.**—It has come to the attention of the Department that postmasters are accepting mail matter with the postage stamps thereon overlapping.

As this practice might easily lead to abuse, postmasters are requested to exercise every care to see that mail matter with stamps affixed in this manner is not accepted for mailing.

(5) **Collection of Deficient Postage—Postage due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 191, page 49 of the Canada Official Postal Guide for 1929.

Postmasters are allowed the usual percentage on postage due stamps.

(6) **Re-direction of mail matter.**—Attention is invited to the fact that in many instances Postmasters are re-directing mail "on speculation"; that is, undeliverable matter is sent on to a new address merely because of a fancied similarity in the name of the office of re-direction. Postmasters will please see that mail matter is not re-directed without subjecting the letters to close scrutiny in order to determine that they have not reached their intended destination, and that there is sufficient reason to warrant re-direction. In other words, mail is not to be re-directed without adequate reason for believing that the new address is the correct one.

(7) **Reason for Non-Delivery Must be indicated on Letters Returned to Senders.**—Attention has been invited to the fact that many Postmasters are returning undeliverable letters and other articles to the senders without marking on the covers the reason for non-delivery, (such as "Not called for", "Refused", etc.), or stamping the article with the Post Office date stamp.

In this connection, it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is returned to the sender, and that each such letter or other article should, at the same time, be stamped with the date stamp of the Post Office from which it is returned to the sender. (See section 197, page 50, Postal Guide, 1929.)

(8) **Air Mail Service Between Edmonton and Grande Prairie, Alta., Suspended.**—With reference to the notice appearing in the Post Office Weekly Bulletin of May 18th, 1929, in regard to the Air Mail Service between Edmonton and Grande Prairie, Alta., Postmasters are informed that this service has been suspended.

(9) Damage to Insured and C.O.D. Parcels.—The attention of Postmasters is directed to the handling of Insured and C.O.D. parcels noted to be in a damaged condition.

If the condition of the parcel is such as to apparently indicate that the contents are damaged or missing, the addressee should be requested to examine the parcel, preferably in the presence of the Postmaster, or other employee, and to leave the necessary exhibits with the Postmaster in as nearly as possible the same condition as when delivery was effected. It is to be understood that no examination of a C.O.D. article or its contents is to be permitted until the total C.O.D. charges have been collected.

The Postmaster will report the matter to the District Superintendent, forwarding therewith the exhibits.

It should be carefully borne in mind by the employees concerned and the addressee should be informed that the Regulations preclude the payment of indemnity for damage or abstraction where the relative exhibits have not been furnished.

(10) Notice to Postmasters of Distributing Offices for Rural Routes.—It has again been brought to the attention of the Department that in certain instances Rural Mail Couriers have accepted handbills, notice of meetings, etc., for distribution direct from the advertisers or agents, these items bearing no postage.

Postmasters of distributing offices for Rural Routes are accordingly to warn Rural Mail Couriers that it is a violation of the Postal regulations to accept for distribution any matter not mailed in the regular way, and which does not comply with the regulations in regard to postage.

(11) Mail Matter addressed to Lodges, Clubs, etc.—Representations have been made to the effect that difficulty is frequently experienced in the delivery of mail matter intended for Lodges, Clubs, or other Societies, owing to the fact that correspondence is addressed simply to the Secretary of the Lodge or Club without the name of any person or indication of street or number, and that Postmasters have no knowledge as to whom the mail is to be delivered. This difficulty would be overcome if the Lodges or Clubs would furnish the Postmaster with the name and address of their Secretary or other officer whom they desire to receive such mail matter, or request their members to use the complete address of the Secretary.

It is suggested that Postmasters solicit the co-operation of the local Lodges and Clubs on this point.

(12) Redirected Mail for General Delivery to be so marked.—It is reported that a large amount of redirected mail intended for general delivery is marked with the place of destination only and without indication that it should be delivered through the general delivery wicket as requested in the change of address on file in the Post Office.

Postmasters will please see that the words "General Delivery" in addition to the place of destination are clearly indicated on redirected mail intended for general delivery.

(13) Postal Notes must be properly date-stamped.—Large numbers of Postal Notes are being issued without being date-stamped by the issuing offices. In many cases the notes are neither signed nor date-stamped. These omissions are causing a great deal of unnecessary trouble to the payees of the Postal Notes. It is imperative that Postmasters see that all Postal Notes are properly date-stamped at their offices. The Department may impose a fine on Offices which in future issue or pay Postal Notes without properly date-stamping them.

(14) Parcel containers should not be used on more than one occasion.—Attention has been called to the fact that some business firms are using their parcel containers on more than one occasion, different addresses and amounts of postage being affixed in each case. Such parcels are very often mis-treated as a result of this practice, thereby causing much inconvenience to the senders and addressees and also to the Postal Service. In addition to the above, there is the possibility of loss of revenue owing to the fact that it is difficult at times to determine whether fresh postage has been paid. Postmasters will please therefore advise persons or firms concerned that containers used on one occasion may not be used a second time, unless the original address, postage and postmarks are covered or completely removed.

(15) Householder and Boxholder matter to be promptly delivered.—Postmasters are reminded that "Householder" and "Boxholder" matter put up in accordance with Section 89, page 20 of the Postal Guide, is to be handled promptly.

Mailers are entitled to good service on this class of mail and a serious view will be taken of any failure to deliver "Householder" mail as expeditiously as individually addressed pieces of mail.

(16) Mail Addressed for Delivery to Steamships.—It has been brought to the attention of the Department that frequently mail intended for delivery to a steamship has been sent instead to the post office of the same name, for example, a letter recently posted addressed to the S.S. "Regina" was received at the Regina, Saskatchewan, Post Office.

As such missendings cause delay and inconvenience, Postmasters and Railway Mail Clerks are requested to exercise particular care in the sortation of such mail.

(17) Mail Matter Addressed for Breton, Alberta.—The District Superintendent of Postal Service, Calgary, Alta., reports that mail matter is being received at Halkirk, Alta., intended for delivery to Breton, Alta., owing to the impression that such mail is for Britain, Alta., an office which has been closed for some time and which was formerly served from Halkirk.

Although mail matter intended for Breton is frequently misspelled, it is actually intended for that place, and Postmasters and Railway Mail Clerks are requested to exercise care in the sortation of mail addressed to this point.

(18) Mail addressed to Patricia, Alta., and Ponteix, Sask.—The District Superintendent of Postal Service, Moose Jaw, reports that a considerable quantity of mail matter addressed to Patricia, Alta., and Ponteix, Sask., is being received at Patrick, Sask.

As this causes a certain amount of delay and inconvenience, Postmasters and Railway Mail Clerks are requested to exercise care in the sortation of mail addressed to these points.

(19) Similarity in Post Office names.—The District Superintendent of Postal Service, Calgary, Alta., reports that mail matter addressed to Ensley, Alabama, is being received at Ensleigh, Alta.

As this causes a certain amount of delay and inconvenience, Postmasters and Railway Mail Clerks are requested to exercise care in the sortation of mail addressed to these points.

(20) Watch found at Calgary Bag Depository.—The District Superintendent of Postal Service, Calgary, reports that a gold watch in a monogrammed case to which is attached a leather fob was found in an empty bag at the Calgary Bag Depository on the 13th June last. Possibly this watch is the property of a postal employee from whose pocket it fell.

This notice is being inserted with a view to locating the owner of the watch, who on establishing proof of ownership, may obtain it on application to the District Superintendent of Postal Service at Calgary, Alberta.

(21) Air Mail to Bolivia via Peru.—Effective immediately, air mail may be despatched from Canada via Canadian and United States air mail services and by air mail services via Miami, Fla., and Cristobal, Canal Zone, for delivery in Bolivia. Mail will be carried by air to Mollendo, Peru, and from there to Bolivia by the ordinary means.

The service is weekly starting from Cristobal and the air mail fee is 55 cents per half ounce or fraction to be prepaid by Canadian postage stamps in addition to the ordinary postage from Canada to Bolivia. Registration, if desired, is additional to the above.

Articles intended for transmission over this route should be endorsed "Par Avion" or "By Air Mail" "Via Miami".

Postmasters will please give the above every publicity.

(22) Air Mail Service to Chile.—Effective the 16th July, air mail may be despatched from Canada via Canadian and United States air mail services and by air mail service from Miami, Fla., via Cristobal, Canal Zone, to Arica, Chanaral and Santiago, Chile.

The service is weekly starting from Cristobal and the air mail fee is 70 cents for each half ounce or fraction, to be prepaid by Canadian postage stamps in addition to the ordinary postage from Canada to Chile.

Registration, if desired, is additional to the above.

Articles intended for transmission over this route should be endorsed "Par Avion" or "By Air Mail" "via Miami".

Postmasters will please give the above every publicity.

(23) Postage rates from the "City of the Vatican".—Postmasters are advised that the City of the Vatican has joined the Universal Postal Union and that the currency is the same as that of Italy. The postal rates will therefore, also be the same, viz.:

1st weight.		2nd weight.

Postcards.....	75 centesimi.		

Postmasters will please insert this notice on page 14 of the March Supplement to the 1929 Postal Guide.

(24) **South Africa—Insurance for parcel post restricted to Southern Rhodesia:** Postmasters are requested to note that parcel post cannot be accepted for insurance to South Africa except in the case of parcels sent via England to Southern Rhodesia.

(25) **Mail Prohibited to:**—The Knitwear Distributors Company, 1397 Yonge Street, Toronto, Ont., Proprietor, Solomon Greenberg.—Registered letters are not to be accepted for the above and all correspondence addressed to or coming from this address is to be returned to the senders when known, marked "Mail for this address prohibited," or if the senders are not known, sent specially by first mail to the General Superintendent of Postal Service (for Inspection Division) Ottawa. Money Orders are not to be made payable to the above.

(26) **Racing Tips:**—The Home-Stretch Publishing Co., 629 Phelan Building, San Francisco, Calif., U.S.A.—Copies of a racing tip pamphlet entitled "The Rustler" mailed by the above, have been observed in Canadian mails and as the supplying of racing tips is illegal in Canada, registered letters are not to be accepted addressed to the above and all correspondence addressed to or coming from this address, observed in the mails, is to be returned to the senders, when known, marked "Mail for this address prohibited", or if the senders are not known, sent specially by first mail to the General Superintendent of Postal Service, for Inspection Division, Ottawa. Money Orders are not to be made payable to this concern.

RE LISTING ISSUE OF MONEY ORDERS IN PROPER MONEY ORDER RETURN

It has come to the attention of the Department that some Postmasters issue Money Orders after the regular Office hours when the Money Order Accounts have been closed for the day or period, and account for the issue of such Orders in the Money Order Return for the following day or period.

In future, therefore, all Money Orders issued at any time in the day must be recorded for that particular day in the Money Order Return.

As considerable difficulty is encountered in affecting a proper balance of Money Order transactions, where the date of issue of an Order and the date of the Return in which the issue is recorded do not agree, it is essential that Money Orders be entered in the proper Money Order Return.

At Money Order Offices rendering Weekly Accounts, the date of issue of the Orders must be correctly entered in the column provided therefor.

Postmasters will please, therefore, pay particular attention to the observance of these important requirements in the preparation of the Money Order Returns.

INFORMATION FOR POSTMASTERS

(1) **Yukon Mails—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from the 1st of October to the 31st May, parcel post to the Yukon will be suspended except for the Post Offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that during the season of closed navigation matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

Matter prepaid at parcel post rates intended for other points in the Yukon may be addressed to White Horse, and the addressees may make arrangements with the Transportation Company, operating between White Horse and Dawson to convey the parcels from White Horse to destination.

Postmasters will please give this every publicity through the press and otherwise.

(2) **"Sticker" Air Mail Service from Prince George, B.C., to Ingenika River Area, B.C.**—Permission has been granted the Western Canada Airways, Limited, of Winnipeg, operating an air service from Prince George, B.C., to the Ingenika River Area in Northern British Columbia, to convey such mail as is offered by the public for carriage by this service, provided the senders assume all risk.

The frequency of the service is irregular, and the points to be served can not be stated in advance of the trips made, which are operated only on charter.

The requirements are:—

1. "By Air Mail" to be prominently written on the address side of letters.
2. The usual Canadian postage to be affixed on the address side.
3. A special aerial sticker sold by the Company or its agents, representing a charge of 10 cents per ounce, to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

Postmasters will please give the above every publicity through the press and otherwise.

(3) **Local Name and Address Must Appear on Circulars Mailed for Distribution at $\frac{1}{2}$ c. Rate.**—With reference to section 90, page 20, of the postal guide respecting the $\frac{1}{2}$ c. rate for printed circulars up to 1 ounce soliciting business, mailed for local distribution to householders, Postmasters are reminded that this rate was established to provide a cheaper rate of postage for local merchants in mailing circulars to prospective customers, and that these circulars must be for LOCAL distribution in the city or town in which they are mailed and are not to be mailed at one post office for distribution at other post offices or on a rural route.

In cases where such circulars are forwarded from one post office to another post office to be mailed for local distribution in the interests of a local merchant, the name and address of the local merchant must appear on the circulars.

(4) **Books of Instructions to Postmasters of Accounting Post Offices.**—During the course of visits to accounting Post Offices, Inspectors of Postal Service have found that in some cases Postmasters have either destroyed or discarded their copies of the 1927 issue of the book—INSTRUCTIONS FOR POSTMASTERS IN CHARGE OF ACCOUNTING POST OFFICES—owing to a misapprehension that the book—USEFUL INFORMATION FOR POSTMASTERS IN CHARGE OF POST OFFICES ON THE REVENUE BASIS—which was issued to them in 1928, was intended to take its place.

These two books are entirely different and should both be used at accounting Post Offices. The book of INSTRUCTIONS FOR POSTMASTERS IN CHARGE OF ACCOUNTING POST OFFICES contains the regulations in regard to conducting Money Order, Postal Notes, Savings Bank Business, etc., while the book of USEFUL INFORMATION FOR POSTMASTERS IN CHARGE OF POST OFFICES ON THE REVENUE BASIS deals particularly with the procedure to be followed in connection with the handling of mail matter.

It is the intention of the Department to only issue these two books periodically—NOT YEARLY.

Postmasters of accounting Post Offices who have done away with their book of INSTRUCTIONS FOR POSTMASTERS IN CHARGE OF ACCOUNTING POST OFFICES should immediately make requisition in the regular way for another copy.

(5) **Reason for Non-Delivery Must be Indicated on Letters Returned to Senders.**—Attention has been invited to the fact that many Postmasters are returning undeliverable letters and other articles to the senders without marking on the covers the reason for non-delivery (such as "Not called for," "Refused," etc.), or stamping the article with the Post Office date stamp.

In this connection, it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is returned to the sender, and that each such letter or other article should, at the same time, be stamped with the date stamp of the Post Office from which it is returned to the sender. (See section 197, page 50, Postal Guide, 1929.)

(6) **Mail Addressed to Passengers on Steamers.**—A complaint has been received in regard to the manner in which letters for outgoing and incoming steamers to be delivered at Father Point, Que., are addressed.

The District Superintendent of Postal Service, Quebec, suggests that these letters be addressed:—

Name of passenger,

Passenger on the outgoing steamer.....,

Off Father Point.

Letters for passengers on incoming steamers should be addressed similarly except that the word "incoming" should be substituted for the word "outgoing."

Postmasters should please bring this to the attention of the public in every possible way.

(7) **Mail Addressed to Presqu'Île Point, Ontario.**—A number of cases have been reported of mail addressed to Presqu'Île Point being mis-sent to Owen Sound, Ontario, presumably having been mistaken for Presqu'Île, which office is now closed.

Attention is directed to the fact that the office of Presqu'Île which was formerly served by Owen Sound, is closed and mail for Presqu'Île Point should be forwarded via Brighton, Ontario.

Owing to the similarity in names of Presqu'Île Point and Presqu'Île, particular care should be taken in the sortation of mail addressed to these places.

(8) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:

Benton Siding, B.C.

(non-Post Office point).

Caillac, Sask.

Ensley, Alabama.

Glentworth, Sask.

Hume, Sask.

Ladysmith, B.C.

Ladysmith, Ont.

Farnham Centre, P.Q.

Ladysmith, Natal, South Africa.

(non-Post Office point).

Franklin Centre, P.Q.

Knowlton Landing, P.Q.

Mound, Minn., U.S.A.

St. André Avellan, P.Q.

Care should be taken in connection with mail addressed to these points.

(9) **Air Mail Service in Japan.**—The Japanese Postal authorities advise that effective immediately air mail may be despatched to Japan for conveyance over the following air services in operation in that country:

Tokio and Osaka.....	12 double trips a week, except Sunday.
Osaka and Hakata.....	9 double trips a week, except Sunday.
Hakata and Dairen via Urusan (near Fusan) and Keijo...	3 double trips a week, except Sunday.

All classes of unregistered mail matter, except reply post cards, will be accepted for conveyance over these services, and the fee for air transmission in Japan is 5 cents per half ounce or fraction thereof, to be prepaid by Canadian postage in addition to 5 cents for the first ounce and 10 cents for each additional ounce or fraction if transmission by air mail service in Canada or the United States is also desired. The above fees must be paid in addition to the regular postage rate from Canada to Japan.

If air transmission in Japan only is desired the article should be prepaid at the rate of 5 cents per half ounce or fraction, in addition to the regular postage rate from Canada to Japan.

Mail matter not fully prepaid as regards postage and air mail fee will not be given air transmission in Japan.

Mail matter for conveyance over these air mail routes should bear the inscription "Par Avion" on the address side to be followed by the course it is to follow, e.g., "From to".

Postmasters will please give the above every publicity.

(10) Air Mail Service to the Bahamas Suspended.—After the flight of August 10th the weekly air mail service from Miami to Nassau, Bahamas, will be suspended and will not be resumed until January 1, 1930. Thereafter the service will be from three times a week to seven times a week for the period January 1st to April 30th of each year.

(11) Date Stamping of Reply Coupons.—Complaints are being received from Foreign Administrations in regard to the date stamping of reply coupons—omission of the date stamp or stamping on the wrong side. All reply coupons issued should be date stamped by the office of origin in the left hand circle.

Postmasters are requested to give this matter their special attention.

(12) Reduction in Rate on Books from France.—Postmasters are advised that, effective immediately, a reduction of 50% on the present rate on sewn and bound books originating in France for Canada has been authorized under Section 1 of Article 34 of the Stockholm Convention. Sewn and bound books will therefore be accepted from France at the same rate as journals and periodicals from France now in force, that is, 15 centimes for 50 grams or fraction of 50 grams.

(13) Mail including parcel post for French Indo-China via Vancouver and Hong Kong.—Postmasters are informed that in future all correspondence for French Indo-China should be despatched via Vancouver and Hong Kong.

Parcel Post for French Indo-China may also be despatched via Vancouver and Hong Kong, in addition to the present routes via England and via France.

The postage rates on parcels routed via Vancouver and Hong Kong, until further notice, will be as follows:—

(a) Annam, Cambodge, Cochin-China, Laos, Tonkin and Quang Tchewwan.

1 lb.....	\$0 36	6 lbs.....	\$0 91

(14) Insurance of Direct Parcel Post for Italy.—Postmasters are informed that parcel post intended for transmission by direct route to Italy may, on and after the 1st September, 1929, be accepted for insurance under the same terms and conditions as apply to parcels posted for delivery within Canada, with the exception that the 3 cent and 6 cent fees do not apply to Italy, so that the scale of insurance fees will be as follows:—

12 cents for insurance not exceeding \$50.00.

30 cents for insurance exceeding \$50.00 but not exceeding \$100.00.

(15) Changes in 1929 Postal Guide.—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1929 Guide.

- (2) Genuine correspondence, ordinary.
- (3) Newspapers (and periodicals).
- (4) Third-class matter (printed circulars, catalogues, etc.)
- (5) Parcels prepaid at special rates (See above).

Inasmuch as there is a definite limit of weight fixed, the above order of precedence will be strictly adhered to.

(2) **Yukon Mails—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from the 1st of October to the 31st May, parcel post to the Yukon will be suspended, except for the Post offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that during the season of closed navigation matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

Matter prepaid at parcel post rates intended for other points in the Yukon may be ADDRESSED TO WHITE HORSE, and the addressees may make arrangements with the Transportation Company operating between White Horse and Dawson to convey the parcels from White Horse to destination.

POSTMASTERS WILL PLEASE GIVE THIS EVERY PUBLICITY THROUGH THE PRESS AND OTHERWISE.

(3) **3c. Business Reply Envelopes.**—In order to facilitate the handling of large mailings, it has been decided to try out, at Montreal and Toronto, a system whereby firms sending out letters, enquiries, etc., to the Canadian public may enclose an addressed reply envelope having the words "BUSINESS REPLY ENVELOPE 3c postage will be paid by" and the name and address of the firm printed on the face of the envelope and bearing a return postage impression as follows:

BUSINESS REPLY ENVELOPE

No postage stamp necessary if mailed in Canada

3cts. POSTAGE WILL BE PAID BY

JOHN JONES & COMPANY,
530 Yonge Street,
TORONTO 5, ONT.

As the reply postage will be paid by the addressee, such envelopes are to be date-stamped at the office of posting and promptly forwarded to Montreal or Toronto, as the case may be, without being rated postage due.

(4) **How to put up Packages of Bank Bills.**—Postmasters are reminded that packages of bank bills for transmission by mail should be put up in the manner described below.

BEFORE WRAPPING, the bills must be put up in a compact package and securely tied with strong twine. The wrapper must be of linen or other strong, woven material, linen lined paper or two thicknesses of strong kraft paper (not less than 60 lbs. weight per ream). **AFTER WRAPPING**, the package must again be securely tied or stitched and sealed at the points of closing.

In any case where a package of bank bills is received in a broken condition, the contents must be carefully verified in the presence of the addressee before the package is delivered and the case must then be reported immediately to the District Superintendent with full particulars as to the date and office of mailing, the name of the bank by which posted, amount of contents, address and date of delivery.

Postmasters are requested to inform the banks which receive and despatch money packages through their office of these regulations.

(5) **C.O.D. Remittances.**—Attention has been called to the fact that Postmasters in remitting C.O.D. charges frequently fail to remit the exact amount "due sender" called for by the relative tag. C.O.D. remittances should be very carefully checked and Postmasters are requested when forwarding C.O.D. charges to the sender (by means of Money Order) to remit the exact amount "due sender" as indicated on the tag.

(6) **Where to mark Prohibited Correspondence.**—With reference to notices appearing in the Post Office Weekly Bulletins and Monthly Supplements, to the effect that correspondence addressed to or coming from certain persons or firms is to be marked "Mail for this Address Prohibited," Postmasters are informed that these words are to be placed near the address in the case of correspondence addressed to such persons or firms and near the return address in the case of correspondence mailed by the persons or firms.

(7) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:

White Bear, Sask.
Whitebeech, Sask.

White Bear, Minn., U.S.A.
White Star, Sask.

Particular care should be taken in the sortation of mail for these offices.

(8) **Air Mail Service to Mexico and Guatemala.**—Effective September 2nd, the air mail service to Mexico will be changed to commence from Brownsville, Tex., instead of Nuevo Laredo, to Mexico City, Mexico. The service is one way four times a week and the air mail fee is 10c. for each half ounce or fraction, to be paid by Canadian postage stamps, in addition to the ordinary Canadian postage.

The service is being extended from Brownsville by Veracruz, San Geronimo, and Tapachula, Mexico to Guatemala City, Guatemala. The service is one way three times a week. (On the three days a week service is performed via Veracruz the mail for Mexico City will be routed by the night train from Veracruz.) (11) **Rates of Postage on Letters from France to Canada.**—Postmasters are advised that the rate of postage on letters and post cards from France are as follows:

LETTER RATE			
	1st Weight	2nd Weight	Postcards
France.....	75 centimes	50 centimes	50 centimes

Surcharges should be collected according to Post Office markings.

The above are to be substituted for the corresponding entries on page 12 of the March, 1929, Supplement to the Postal Guide.

(12) Return of Undeliverable Foreign Letters.—The Inspection Service draws attention to the necessity for greater care being exercised in the treatment of foreign letters which fail of delivery in Canada. It appears that some Postmasters and Railway Mail Clerks are treating foreign letters as though they should be placed in the mails for direct return to the country of origin.

Undeliverable foreign letters, even those bearing a return address (other than those originating in the United States, Mexico, Newfoundland or Great Britain) should be forwarded to the district Dead Letter Office or in the case of city Post Offices to the General Superintendent of Postal Service, Ottawa, marked "For Inspection Service."

(13) Correspondence for Turkey.—Attention is directed to the fact that correspondence intended for places in Turkey is treated as undeliverable by the Turkish Post Office and returned to the sender if it is not addressed to "Turkey" only. Such alternatives or additions as "Asia Minor", "Turkey-in-Asia", "Armenia", "Greece," etc., should not be used. In particular, correspondence for Mersin (formerly called Mersina) should be addressed with the new name thus: "Mersin, Turkey."

(14) Parcels for Great Britain and Other Countries Must be Fully Prepaid.—As all parcels addressed to Great Britain and other countries must be fully prepaid when despatched from Canada, Postmasters are instructed to see that every effort is made to prevent the mailing of shortpaid parcels to places outside of Canada.

It is essential that Postmasters and clerks in Post Office in weighing or accepting parcels for mailing or giving information regarding parcel post rates, should be sufficiently familiar with the parcel post rates to readily look up and ascertain the correct rate of postage applicable to any parcels presented and should keep their Postal Guide corrected in regard to changes in the rates.

As parcels frequently bear an uneven surface care should be taken to have the postage stamps securely affixed so that they may not become detached in course of transit.

(15) Parcel Post to Norway—15 lbs. limit. Revised postage rates.—Postmasters are informed that the limit of weight for parcel post parcels for Norway via the direct service, has been extended from 11 to 15 lbs. The rates of postage on parcel post parcels for Norway via the direct service have been revised and until further notice will be as follows:

1 lb.....	0 27	6 lbs.....	0 94	
2 lbs.....	0 39	7 lbs.....	1 06

INFORMATION FOR POSTMASTERS

(1) **3c Business reply envelopes and post cards.**—In order to facilitate the handling of large mailings, arrangements have been made at Montreal, Toronto and Winnipeg whereby firms sending out letters, enquiries, etc., to the Canadian public may enclose an addressed business reply envelope or business reply post card having the words "BUSINESS REPLY ENVELOPE (or BUSINESS REPLY POST CARD) 3c postage will be paid by" and the name and address of the firm printed on the face of the envelope or card and bearing a return postage impression as follows:

As the reply postage will be paid by the addressee, such envelopes and cards are to be date-stamped at the office of posting and promptly forwarded to Montreal, Toronto or Winnipeg, as the case may be, without being rated postage due.

(2) **Mails for the North Shore of the St. Lawrence to be sent on Quebec during the Winter Season 1929-30.**

should be sent to the Quebec Post Office to be forwarded via Betsiamites and the dog teams which perform the mail service along the coast. During the Winter Season the frequency will be TWENTY TIMES Betsiamites to Havre St. Pierre, TWELVE TIMES Havre St. Pierre to Natashquan and TEN TIMES Natashquan to Lourdes du Blanc Sablon, starting from Betsiamites on the 26th November, 3rd, 10th, 17th and 24th and 31st December, 1929, 7th, 14th, 21st and 28th January, 4th, 11th, 18th and 25th February, 4th, 11th, 18th and 25th March, 1st and 8th April 1930, respectively.

On or after the 23rd November, matter for that part of the far Labrador Coast, on which Newfoundland maintains Post Offices should likewise be sent by this route.

(3) Air Parcel Rate to Red Lake District.—Due to the fact that ordinary postage rates apply on first, second and third class matter conveyed over the Sioux Lookout-Narrow Lake air mail service and to the fact that such a quantity of parcel post is forwarded by each trip that it more or less embarrasses the service, the following rates will apply for air mail conveyed over this air service dating from the 1st November, 1929.

All classes of mail matter prepaid at the regular rates of postage may be accepted for transmission by this air mail service WITH THE EXCEPTION that parcel post parcels must be prepaid at the rate of 25 cents for each pound or fraction up to 10 pounds and \$3.00 per parcel over 10 pounds and up to 15 pounds. Preference will be given to first class matter.

(4) Postage Stamp and Other Supplies for Christmas Season.—Postmasters are requested to see that their requisitions for supplies of postage stamps and postal notes are sent in as early as possible, to ensure adequate quantities of stamps and postal notes being available at their offices to meet the requirements of the busy Christmas season.

Early requisition should also be made for supplies of printed forms, envelopes, etc., necessary to carry on the work of the office during the month of December.

As there are over twelve thousand post offices in operation in Canada, Postmasters can—by giving attention to the above—help to relieve the heavy Christmas mails of a considerable quantity of matter.

(5) Perishable articles to be kept from heat.—The attention of the service is called to the fact that now that the cool weather is commencing, post offices and railway mail cars will be heated, and care should be taken to see that all parcels containing articles of a perishable nature are distinctly labelled "perishable" and that the bags in which they are placed are similarly marked. Care should also be taken to see that bags containing such parcels, while in the Post Offices or during course of post in the railway mail cars, are not placed in close proximity to the heating apparatus.

(6) Direct return of Third Class Matter.—Section 114 on page 24 of the Canada Official Postal Guide reads as follows:—

114. Third class matter when redirected is not liable to any additional postage if handed back to the post office with a changed address at the moment of delivery or as soon as possible there-after.

In cases where an article of third class matter would have to be redirected owing to the addressee having removed to another locality and where there is, on the cover, a request for direct return to the sender in such circumstances this request is to be complied with. The reason for non-delivery and the present location of the addressee (if known) are to be indicated on the cover for the information of the sender. A charge will be made for such direct return equal to the original postage charge, except in cases where a number of circulars, etc., are being returned to the same address in one packet at a time, in which case return postage may be charged on the bulk weight.

It is suggested that Postmasters in the larger centres bring this section to the special attention of business concerns and others who are in the habit of sending out from time to time large quantities of individually addressed circulars.

Frequently such circulars are addressed again and again to persons who have moved away from the locality (village, town or city) or even out of the country, and although redirected by the Post Office of address, are practically wasted.

If a request for direct return to the senders in case the article cannot be delivered as addressed were printed on the envelope or cover, such items could be immediately returned to the senders thereby enabling the senders to keep their mailing lists more up-to-date.

(7) New Lock for Letter Bags.—The service is advised that a new lock for letter bags is gradually being issued and is known as the Wickware lock.

These locks are operated as follows,—

1. The snap attached to chain on the lock is to be affixed to ring on mail bag.
2. The bags equipped with iron bars are to be used for these locks.
3. When the iron bar has been brought through the grommets, lock is to be placed on same, and the knurled portion of lock is to be turned towards the right until lock clicks when same will be found locked.
4. To open lock—insert key and give one turn to the right.

(8) Booklets "Postal Information 1929."—It has been found that the Post Office benefits by distributing booklets of "Postal Information" containing rates of postage and general regulations. Accordingly Postmasters are requested to make requisition to the Equipment and Supply Branch for sufficient quantity to distribute to all businessmen and to householders using the mails extensively.

(9) **C.O.D. Articles not to be held unduly.**—The Inspection Division have directed attention to the practice of Postmasters at the office of destination holding C.O.D. parcels beyond fifteen days on written application being made by the sender, and point out that while a C.O.D. parcel may be held beyond fifteen days on request of the sender, it will be held only at his risk. The Department will not be liable for indemnity in connection with the loss of, damage to, or abstraction from a parcel held in this way unless a post office employee is directly responsible.

(10) **Return of Mail Bags to nearest Depository.**—The Equipment and Supply Branch advise that heavy demands are being made on the depositories for all classes of mail bags, and all officers concerned are accordingly requested to have every available mail bag, whether fit for stock or repair, immediately forwarded to the nearest depository.

These depositories are located as follows:—

Saint John, N.B.	Montreal, P.Q.	Ottawa, Ont.	Toronto, Ont.
London, Ont.	Winnipeg, Man.	Calgary, Alta.	Vancouver, B.C.

(11) **Mail Matter addressed to Halfway River, B.C. Non-Post Office Point.**—The Postmaster at Attachie, B.C., which is located on the Halfway River, has drawn attention to the fact that a considerable quantity of mail matter intended for a local point on Vancouver Island called Halfway River, a non-Post Office point, is being delivered to his office.

As this causes a certain amount of delay and inconvenience, Postmasters and Railway Mail Clerks are requested to exercise particular care in the sortation of mail addressed to these points.

(12) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:

Berwyn, Alta.	Berwyn, Ill.	Berwyn, Pa.
Beaver Mines, Alta.	Beacon Mines, Alta.	

Particular care should be taken in the sortation of mail for these offices.

(13) **NORWAY—Envelopes for registered articles should be of good quality and securely closed.** The Postal Administration of Norway report that many registered letters are being received in damaged condition, due to the poor quality of the envelopes and the fact that the flaps of the envelopes are not securely closed.

Postmasters are requested to caution senders that all registered letters should be securely closed, particularly registered letters containing valuables, and to use envelopes sufficiently durable to withstand the handling they must receive enroute to destination.

(14) **Increase in frequency of air mail services in Mexico and Guatemala.**—The air mail service from Brownsville, Texas, to Mexico City has been increased by three times a week making such direct service daily in addition to the three times a week service already in effect from Brownsville via Vera Cruz, San Geronimo, and Tapachula to Guatemala City.

(15) **Air Mail Service to Argentine, Paraguay and Uruguay.**—Effective immediately air mail may be despatched from Canada via Canadian and United States air mail services and by air mail service from Miami, Florida, to Buenos Aires, Argentine. Air mail may also be forwarded addressed for delivery in Paraguay and Uruguay, which mails will be despatched by air to Buenos Aires for onward despatch from that place by ordinary means.

The air mail fee is 75 cents for each half ounce or fraction, to be prepaid by Canadian postage stamps in addition to the ordinary Canadian postage to Argentine, Paraguay or Uruguay.

Registration, if desired, is additional to the above.

Articles intended for transmission over this route should be endorsed "Par Avion (By air mail)" "via Miami".

(16) **Air Mail Service to Salvador.**—Effective immediately, air mail may be despatched from Canada, via Canadian and United States air mail services, for delivery in Salvador. The air mail will be conveyed by air service to Guatemala City, Guatemala, and from Guatemala City it will be forwarded to Salvador by ordinary means.

The air mail fee is 15c for each half ounce or fraction, to be prepaid by Canadian postage stamps in addition to the ordinary Canadian postage to Salvador.

Registration, if desired, is additional to the above.

Articles intended for transmission over this route should be endorsed "Par Avion (by Air Mail)."

(17) **Desert Motor Route to Iraq and Persia.**—Postmasters are advised that the special surcharge on correspondence intended to be sent by the Desert Motor Route to Iraq and Persia has been withdrawn. The regular International rate of 8 cents for the first ounce and 4 cents for each subsequent ounce or fraction for letters, 4 cents each for postcards and 2 cents per two ounces or fraction for printed matter is to be collected.

Postmasters will please amend the Observations on pages 110, 131 and 156 under headings Egypt, Iraq and Persia in the 1929 Postal Guide accordingly.

(18) **Bolivia—Parcel Post Rates.**—Postmasters are informed that in consequence of transit charges made by the Peruvian Postal Administration for intermediary conveyance, the rate of postage on parcels posted in Canada for Bolivia will in future be 25 cents for each pound or fraction thereof up to 10 pounds. On parcels over 10 pounds up to 15 pounds the rate will be \$3.00 per parcel.

INFORMATION FOR POSTMASTERS

(1) Safeguarding of Mails and Post Office Funds.—Now that the winter season is at hand with the usual stormy weather and frequent changes of temperature which so greatly increase the risk of fire, the attention of Postmasters is specially directed to the necessity of increased precautions being taken in the safeguarding of mails, Post Office funds and values.

In cases where there is not sufficient accommodation in the Post Office to properly protect valuables, especially stamps, Postal Notes, registered articles, cash, etc., such items must be removed to the Postmaster's private quarters for safekeeping. At other points Postmasters must see that adequate precautionary measures have been taken before leaving the office.

The attention of Postmasters is again drawn to the fact that surplus cash must be promptly remitted to the Bank. Postmasters will be held strictly responsible where any loss can, in any way, be considered as due to neglect in remitting surplus cash.

(2) Fragile Articles in Insured Parcels.—In view of the approaching Christmas season with its great increase in the number of parcels posted and claims made for damage to contents, Postmasters are requested to give the packing and protection of "Fragile" articles their most careful attention.

When a parcel is being posted, enquiry should be made regarding nature of contents and the method of packing. If the contents are of a nature easily damaged and the packing is considered inadequate the sender is to be informed that the parcel will be insured against loss only, and it is to be so endorsed.

Shoe and similar boxes, which are frequently used are not sufficiently strong to afford the required protection.

"Fragile" stickers and bags are to be made use of when necessary.

It is to be specially noted that while the onus of preparing a parcel rests with the sender, it is the duty of a Postmaster to ascertain if a parcel is put up in accordance with the regulations. If this very important duty be neglected and the Department is consequently called upon to pay indemnity, the Postmaster will be required to pay a portion if not the full amount of the claim.

If Postmasters and postal employees will keep this matter in mind, the result will be beneficial to both the public and the Post Office. The former will receive their parcels in good condition and the Post Office will have fewer claims to pay.

(3) Third Class Matter to be given careful attention.—At this time of the year a considerable quantity of almanacs, circulars and other items of third class matter are being mailed addressed to "Householders" and Postmasters are reminded that this mail is to be given prompt and careful delivery.

Postmasters upon receiving "Householder" matter intended for delivery will please take steps to see that so far as the supply permits, the circulars or other articles thus addressed are delivered at every house in places where there is free delivery by letter carrier, or to every family in places where the patrons of the post office call at the office for their mail. On rural mail routes it will be the duty of the mail courier to deliver circulars or other articles of printed matter addressed "Householder or Boxholder" into every box on his route, so far as the supply permits. (See section 89 of the Postal Guide.)

Mutual benefit is to be derived by the Post Office, business men and the public, by an active use of circular advertising by business offices, but if this form of advertising is to be successful, careful delivery is essential.

(4) Small Cards and Envelopes.—Postmasters should bring to the attention of the mailing public the objections to the use of small cards and envelopes which at any time are difficult to handle, but particularly so during the busy Christmas and New Year seasons.

In urging the public to use cards and envelopes larger than 3 inches by 4 inches, the following objections to the smaller size should be pointed out.

1. Small envelopes and cards cannot be satisfactorily passed through the electric cancelling machines. This, at many offices, means a slower cancellation and general handling.

2. The cancellation mark in many cases obliterates part of the address, with the probability that the articles may be misdelivered or at least delayed.

3. The small size renders the sortation and making up of bundles more difficult and hampers the work of the office at a time when speed is essential.

4. Owing to small size there is a greater possibility of loss, as small cards or envelopes may fall out of the bundle to which they are tied.

Postmasters are requested to do everything in their power to bring the above to the attention of the public.

(5) **"Franking and free mail matter" regulations do not apply to air mail services.**—With reference to the free transmission of official correspondence mentioned under "Franking and free mail matter" commencing on page 39 of the 1929 Postal Guide, Postmasters are informed that if transmission of such correspondence by air mail is desired, the usual air mail fee of 5 cents for the first ounce and 10 cents for each additional ounce or fraction must be prepaid.

(6) **Keys mailed without prepayment of postage.**—Postmasters will please amend the second paragraph of section 105, page 23 of the postal guide to read as follows:—

"Keys such as hotel keys, automobile keys, etc., mailed without prepayment of postage, are to be delivered to the address on the disc or tag, subject to the collection of double postage at letter rate."

(7) **\$10.00 Postal Notes.**—Postal Notes of the ten dollar (\$10.00) denomination have again been placed on sale at the Non-Accounting Postal Note offices. The Notes of this denomination will not be supplied to the Accounting offices, as such offices should issue Money Orders for amounts exceeding \$5. Full instructions have been sent to all offices at which Postal Note business is transacted. If the instructions have not been received the District Superintendent should be notified.

(8) **Records of Monthly Sales of Postal Notes.**—As many completed forms PN 40 are being sent to the Department, Postmasters are informed that their records of the Monthly sales of Postal Notes should remain on file in their Post Offices. As soon as one form (PN 40) has been completed, a new form should be procured from the Equipment and Supply Branch, Ottawa, and the records should continue to be made.

(9) **C.O.D. charges must be collected on delivery.**—The attention of the Department has been directed to the fact that in some instances Postmasters are effecting delivery of C.O.D. items of mail without collecting the C.O.D. charges at the time of delivery, the addressees being permitted to defer payment of the charges until a later date.

Postmasters, therefore are reminded that the regulations governing C.O.D. service provide that **under no circumstance is an article to be delivered to the addressee until the charges due have been collected**, and they are instructed that this procedure must be strictly followed in connection with the delivery of C.O.D. mail.

(10) **Date stamping registered package envelopes.**—In the latest issue of registered package envelopes Nos. 36, 37 and 38, a space is provided in the lower left hand corner of the address side for an impression of the date stamp of the despatching office, and the envelope should be date stamped in this space before the registered mail is enclosed so that a clear and distinct impression may be obtained.

After the registered articles are enclosed the envelope should be sealed and legibly date stamped three times on the address side—once in the space provided in the centre and once on each of the two smaller flaps, so that the date stamp impressions will be partly on the smaller flaps and partly on the large flap.

Owing to the number of registered packages which are passing through the mails improperly date stamped the attention of Postmasters generally is directed to the proper manner of date stamping these envelopes.

(11) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Delta, Ont.,	Delta Stn., Man.,	Delta, Col., U.S.A.
Delhi, Ont.,	Delia, Alta.	
Deloro, Ont.,	Detlor, Ont.	

Particular care should be taken in the sortation of mail for these offices.

(12) **Assist your Exchange Offices in Christmas Mailings for Overseas—Important.**—Now that mailings for Great Britain and overseas countries are reaching the peak of the Christmas rush period, attention is directed to the following points, the non-observance of which causes embarrassment to Canadian despatching exchange offices where the extra work is very heavy at this time. Postmasters and all postal employees are asked to assist our exchange offices by endeavouring to see that these points are observed.

MARK THE WORDS "LETTER RATE" on any packages prepaid at letter rate.

SMALL BOXES OF CAKE should be prepaid either at letter rate or parcel post rate. These should be well packed. In practically every mail, cake is found loose in the bag.

PHOTOGRAPHS FOR ITALY in packages weighing over $3\frac{1}{2}$ ounces must be prepaid at parcel post rates.

SAMPLES, PHOTOGRAPHS AND PRINTED MATTER may be insured IF PREPAID AT PARCEL POST RATES.

INSURED PARCELS for Belgium, Denmark, Germany, Holland, Irish Free State or Italy, may be prepaid either for direct route or via England. Insured parcels for France, Sweden, Norway and other countries to which the insurance is via England must be prepaid at parcel post rates via England.

PARCELS FOR NORTHERN IRELAND (Counties of Antrim, Armagh, Down, Fermanagh, Londonderry and Tyrone) should be prepaid at parcel post rates to Great Britain—NOT to Irish Free State.

(13) **Changes in 1929 Postal Guide.**—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1929 Guide.

The importation of the following articles is subject to special restrictions:—Arms and ammunition; plants, seeds, etc.; voltmeters."

INFORMATION FOR POSTMASTERS

(1) **Air Mail Service between Montreal, P.Q., and Saint John, N.B.**—A daily, each way, except Sunday, experimental air mail service is in operation between Montreal, P.Q., and Saint John, N.B., via Quebec, P.Q., and Moncton, N.B.

All classes of mail matter may be conveyed over this route at the air mail rate of 5 cents for the first ounce and 10 cents for each succeeding ounce or fraction. This rate includes both postage and air mail fee. Mail matter prepaid for conveyance over this or any other Canadian air mail route is fully prepaid for conveyance by air, insofar as air mail services are available, to any destination in Canada or the United States.

Air mail letters should be plainly marked "Via Air Mail" and enclosed, if possible, in special air mail envelopes, which can be obtained at most stationery stores. Wherever possible, air mail stamps should be used to prepay the postage but if such stamps are not available ordinary Canadian postage stamps may be used.

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY.

(2) **Air Mail Service to Chibougamau, P.Q.**—Dating from the 20th December, a weekly air mail service will be placed in operation between Oskelaneo, P.Q., and Chibougamau, P.Q.

All classes of mail matter prepaid at the regular rates of postage may be accepted for transmission by this air mail service WITH THE EXCEPTION that parcel post parcels must be prepaid at the rate of 25 cents for each pound or fraction up to 10 pounds and \$3.00 per parcel over 10 pounds and up to 15 pounds. Preference will be given to first class matter.

(3) **Air Mail Parcel Post Rates to Mackenzie River District.**—Due to the fact that such a quantity of air parcel post is forwarded by each trip over the MacKenzie River Air Mail route that it more or less embarrasses the service, the following rates will apply for parcel post conveyed over this air mail service, commencing immediately.

Post Office	Air Parcel Post Rates
Fort Chipewyan	50c. a lb. or fraction of a lb.
Fort Fitzgerald	
Fort Smith	
Fort Resolution	
Hay River	75c. a lb. or fraction of a lb.
Fort Providence	
Fort Simpson	
Wrigley	\$1.25 a lb. or fraction of a lb.
Fort Norman	
Fort Good Hope	\$1.50 a lb. or fraction of a lb.
Arctic Red River	
Fort McPherson	
Aklavik	
Herschel Island	

The above rates are subject to revision.

(4) Additional Air Mail Service to MacKenzie River District.—In addition to the contract air mail service in operation in the MacKenzie River District, the Commercial Airways Limited, contractors for this service, have been granted permission to convey by air on other than mail days such mail as is offered by the public for conveyance by this service, provided the senders assume all risk.

The requirements for the air mail are:—

1. "By air mail" to be prominently written on the address side.
2. The usual Canadian postage to be affixed on the address side.
3. A special aerial sticker sold by the Company or its agents representing a charge of 10 cents an ounce to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY.

(5) Increase in Frequency of Air Mail Service to Red Lake District.—Commencing the 17th December, 1929, the air mail service to the Red Lake District will be semi-weekly instead of weekly, leaving Sioux Lookout, Ontario, each Tuesday and Friday at 8.00 a.m.

(6) Letter Carrier Delivery at St. Jean, P.Q.—Postmasters are requested to note that as letter carrier delivery is now in operation at St. Jean, P.Q., this Post Office should be added to the list given at Section 13, page 8 of the 1930 Postal Guide of Places where letters prepaid with the necessary fee may be delivered by special messenger.

(7) Brass R Stamps to be Returned.—The Equipment and Supply Branch advise that owing to the issue of rubber stamps "R original" to the Service for use on registered letters, it is assumed that brass R Stamps are no longer required.

In view of the above, Postmasters are requested to forward to their nearest Postal Stores Depot or Distributing Centre all brass R Stamps if not in use.

(8) Books sent to Accounting Firms for Audit Liable to Letter Rate.—It has been represented that frequently parcels containing books or other documents sent by business concerns to accounting firms for audit, are erroneously charged parcel post rates instead of first-class postage, with the result that when delivery is being effected the addressee is caused the inconvenience and extra expense involved due to the fact that double the deficient postage has to be collected. The attention of Postmasters is therefore called to the fact that books or documents of this nature come under the general classification of commercial papers, and, as such, are liable to letter rate when addressed to places in Canada.

When parcels of books are being mailed to accounting firms it would be advisable for Postmasters to have special enquiry made as to the nature of the contents, in order that the proper amount of postage may be charged.

(9) Acceptance of Registered Articles.—When a registered article is presented for mailing every possible care is to be taken to see that—

- (a) it is fully prepaid both as regards ordinary postage charges and registration fee (senders should be informed of the added protection afforded by the higher fees);
- (b) the postage stamps are properly cancelled;
- (c) the article is properly date-stamped on the address side, and twice back-stamped upon the closing flap;
- (d) an entry is made in registered record;
- (e) an impression of "Original No." stamp is placed on the cover and a number given the article; and
- (f) a receipt duly completed is given to the sender.

(10) Transmission of Day-old Chicks by Parcel Post.—Postmasters are informed that the service for the transmission of day-old chicks by Parcel Post in Canada will be renewed this year.

Live day-old chicks may be accepted from the 1st March to June 15th, at the risk of the sender, for transmission at Parcel Post Rates to places within Canada and the United States, provided the package in which they are contained is properly prepared and that delivery can be made to the addressee within 36 hours from the time of posting.

Day-old chicks must not be accepted for transmission if baggage car service, "catch-post" service, or service by water route is necessary—this does not include short water routes which are virtually ferry services. Shippers should consult the District Superintendent of Postal Service for information as to places to which the day-old chicks may be sent.

Parcels containing day-old chicks may not be insured.

Shipments of day-old chicks are to be transported outside of mail bags. It is recommended that the shipper affix a legibly written or printed notice to each such package, giving the following instructions, which postal employees are to carefully observe:—

"Day-old chicks. This side up. Handle with special care.

Do not give food or drink to the chicks while in transit.

Despatch as quickly as possible and deliver to addressee promptly upon arrival at office of destination.

Do not place package in mail bag or cover with other mail matter.

Do not place near hot pipes, stoves or radiators or expose to cold winds or hot sun.

As far as possible protect them from all extremes of heat or cold."

(11) Removal of Postage Stamps from Mail Matter an Indictable Offence.—The attention of the Department has again been drawn to a number of cases in which postage stamps have been removed from mail matter in course of transmission, particularly mail matter originating in other countries.

The special attention of all postal employees is drawn to the serious nature of this offence, and to Section 124 of the Post Office Act, which reads as follows:

"Everyone who, with fraudulent intent, removes from any letter, newspaper, or other mailable matter sent by post, any postage stamp which has been affixed thereon, or wilfully, with intent aforesaid, removes from any postage stamp or postcard, postband or wrapper which has been previously used, any mark which has been made thereon at any post office, is guilty of an indictable offence."

(12) Facing Slips and Bag Labels to be Furnished when Reporting Mis-sendings.—Postmasters are reminded that when reporting a mis-sending to a district office the corresponding facing slip and bag label should be furnished. These exhibits are necessary in order that a thorough enquiry may be made.

(13) Requests for Lists of Patrons, etc., to be referred to the Staff and Publicity Branch.—In a notice appearing in the January 1929 Supplement, it was pointed out that a number of requests were being received by Postmasters from various business houses asking for information as to number of patrons, etc., and that such requests should be referred to the Staff and Publicity Branch.

Attention has again been directed to the fact that in spite of this notice many firms have been writing to Postmasters asking that mailing lists be corrected and lists of patrons supplied, etc. In every case in which a request of this nature is received it should be referred promptly to the Staff and Publicity Branch.

(14) Printed Matter from Department of Agriculture, Ottawa, not to be Re-directed.—It is requested by the Department of Agriculture at Ottawa that printed matter received from that Department addressed to persons who have moved away should not be re-directed to those persons, but should be returned to the Publications Branch, Department of Agriculture, Ottawa, with the new address written on the envelope, in order that the Departmental mailing list may be corrected.

Postmasters are instructed to make a note of this request and to see that it is complied with in their offices.

(15) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Berrymoor, Alta.,	Byemoor, Alta.	
Delta, Ont.,	Delta Stn., Man.,	Delta, Col., U.S.A.
Delhi, Ont.,	Delia, Alta.	
Deloro, Ont.,	Detlor, Ont.	
St. Vincent, Alta.,	St. Vincent, Sask.	
	(non post office point).	

Particular care should be taken in the sortation of mail for these offices.

(16) Reduction in Letter Postage Rate to South America.—Postmasters will please note that from Christmas Day, 1929, the rate of postage on letters mailed in Canada addressed to any place in South America will be 2 cents for each ounce or fraction thereof. The post card rate will be 2 cents each. The 2 cent letter and post card rate will now apply to the following additional countries:—

Argentine Republic.	Chile.	The Guianas.	Uruguay.
Bolivia.	Colombia.	Paraguay.	Venezuela.
Brazil.	Ecuador.	Peru.	

Postmasters will please amend the 1929 Postal Guide and the 1930 Postal Guide when received.

(17) Parcel Post to Argentine Republic by Direct Service—20 Lbs. Limit.—Postmasters are informed that the limit of weight for parcel post parcels from Canada to the Argentine Republic by direct service has been extended from 15 pounds to 20 pounds.

Until further notice the rate of postage on parcel post parcels for the Argentine by direct service over 15 pounds and up to 20 pounds will be a flat rate of \$2.00.

(18) Rates of Postage on Letters from Luxemburg to Canada.—Postmasters are advised that the rates of postage on letters and post cards from Luxemburg are as follows:—

	LETTER RATE		POSTCARDS	DATE
	1st weight	2nd weight		
Luxemburg....	1 fr. 75 centimes	1 franc	1 franc	December 1, 1929

Surcharges should be collected according to Post Office markings.

The above are to be substituted for the corresponding entries on page 13 of the March, 1929, Supplement to the Postal Guide.

(19) **Parcel Post Rates to Other Countries.**—Postmasters will find hereunder a Table of Parcel Post Rates from Canada to other Countries with changes which have occurred since the Guide went to press and which should be noted in their copy of the 1930 Guide.

NOTICES

DUPLICATES OF POST OFFICE MONEY ORDERS ARE ISSUED PROMPTLY

It has come to the attention of the Department that a wrong impression prevails that a long time is required to obtain a Duplicate of a lost Post Office Money Order.

Postmasters and Issuing Officers are, therefore, informed that:—

Duplicates of Canadian Money Orders are issued after forty-five days from the date of issue of the Order. (This period of time is necessary because Orders are payable at any Money Order Office in Canada, within one month from the date of issue, and the Orders must be audited before a Duplicate can be issued).

Duplicate Orders are issued at once (without waiting for forty-five days) if the Payee is willing to execute a Bond of Indemnity.

Duplicates of Orders issued outside Canada are issued as soon as the Duplicates can be obtained from the Countries of origin.

APPLICATIONS FOR DUPLICATES ARE DEALT WITH PROMPTLY.

NO ADDITIONAL FEE IS CHARGED FOR THE ISSUE OF A DUPLICATE.

(The Postmaster will please bring this Notice to the attention of the Public.)

OFFICIAL DATE STAMPS TO BE CHANGED ON 2ND JANUARY, 1930

Postmasters are informed that particular care must be taken to see that the official Date-Stamp is properly changed on the 2nd January, 1930, in order to assure the correct date of issue being affixed to Money Orders, and relative Advices.

When the date is written, the correct day, month, and year of issue, must be correctly expressed in every instance.

COUNTRY OF PAYMENT MUST BE PROPERLY DESCRIBED IN MONEY ORDER RETURN

It is observed that in the preparation of Money Order Returns some Postmasters are in the habit of indicating the Country of payment by writing the word "Ditto", or by using the sign "“" therefor when the Country is not the same as that for the preceding Order (or Orders).

Special care must, therefore, be exercised in transcribing the particulars from the "Stubs" of the Orders to the Returns to see that the Country of payment is not "dittoed" unless the order is actually payable in the same Country as was the preceding Money Order.

Correct information in Postmasters Money Order Returns is essential for the verification procedure in the Money Order Division.

ISSUE OF MONEY ORDERS PROHIBITED

Money Orders are not to be issued in favour of the following concerns:—

Broadway Publishing Company, 648 Broadway, Suite 906, Sporting Department, New York, N.Y.

M. Vonbank, Muehleholz, F.L. via Buchs, St. G., Switzerland.

ORDER RESCINDED

The Order against A. A. Emond, Esq., 5 Roberval Street, Quebec, P.Q., 18 Pont Grave, Quebec, P.Q., and 7 Pont Grave, Quebec, P.Q., which was published in the December, 1929, Supplement to the Canada Official Postal Guide has been rescinded.

Money Orders and Postal Notes may be now issued in favour of this party.

(2) **Air Mail Service in Yukon and Atlin Districts resumed.**—Permission has been granted to the Yukon Airways and Exploration Co., White Horse, Yukon, to resume the weekly aerial service (suspended June 16th, 1928) between Dawson and White Horse (serving Mayo Landing, Keno Hill and Wernecke en route) and at various intervals between Atlin and White Horse via Carcross, to convey letters by this service at the reduced rate of 12½ cents per ounce in addition to the regular postage under the following conditions:—

- (1) "VIA AIR MAIL" to be prominently written on the address side of each cover or the letter to be enclosed in special cover furnished by the Company.
- (2) The usual Canadian postage to be affixed on the address side of each letter.
- (3) A special aerial sticker sold by the Company or its agents representing a charge of 12½ cents an ounce, in payment of the special charge for transmission by aerial service, to be placed on the back of each cover.
- (4) Senders to assume all risk.

Postmasters will please give the above every publicity through the press and otherwise.

(3) **Air Mail Service to Pickle Lake and Cat Lake Mining Areas, Ont.**—The Western Canada Airways Limited, operating semi-weekly Air Mail (Sticker) Service between Allan Water, Ontario and the Pickle Lake and Cat Lake Mining areas, have suspended operations from Allan Water, and will in future serve the Cat Lake and Pickle Lake areas from Sioux Lookout, Ontario.

(4) **System of 3c. Business Reply Envelopes and Postcards Extended.**—In order to facilitate the handling of large mailings, arrangements have been made at certain larger Post Offices whereby firms sending out letters, enquiries, etc., to the Canadian public may enclose an addressed business reply envelope or business reply postcard having the words "BUSINESS REPLY ENVELOPE (or BUSINESS REPLY POST CARD) 3c. postage will be paid by" and the name and address of the firm printed on the face of the envelope or card and bearing a return postage impression as follows:

As the reply postage will be paid by the addressee, such envelopes and cards are to be date-stamped at the office of posting and promptly forwarded to the addresses printed on the envelopes or cards, without being rated postage due.

(5) **Delivery instructions on catalogues to be complied with.**—The attention of postmasters is directed to the necessity of observing instructions printed on catalogues in regard to delivery, etc.

In some instances the request is made that in case the addressee has removed, the catalogue be given to some other householder who has not received one. At the same time the wrapper is to be endorsed with the reason for non-delivery, taxed an amount equal to the original postage and returned to the office of origin.

In the interests of the Postal Service, as well as the senders of catalogues, postmasters are instructed to comply with these delivery instructions.

(6) **Date stamping registered package envelopes.**—In the latest issue of registered package envelopes Nos. 36, 37 and 38, a space is provided in the lower left hand corner of the address side for an impression of the date stamp of the despatching office, and the envelope should be date stamped in this space before the registered mail is enclosed so that a clear and distinct impression may be obtained.

After the registered articles are enclosed the envelope should be sealed and legibly date stamped three times on the address side—once in the space provided in the centre and once on each of the two smaller flaps, so that the date stamp impressions will be partly on the smaller flaps and partly on the large flap.

Owing to the number of registered packages which are passing through the mails improperly date stamped the attention of Postmasters generally is again directed to the proper manner of date stamping these envelopes.

(7) **System of Reply Postage Prepaid by Postage Impression Machines Resumed.**—In order to facilitate the handling of large mailings, approval has been given to a system whereby firms when sending out letters, enquiries, etc., to the public, may enclose an addressed reply envelope having the postage prepaid thereon by means of a postage impression as follows:—

As the reply postage will have been prepaid in cash, such mailings are to be date-stamped at the office of posting, forwarded and delivered free of charge.

(8) **Steel dating stamp must be used for back-stamping Registered letters.**—Attention has been invited to the fact that a number of postmasters are back-stamping Registered letters with a rubber stamp instead of the regulation steel stamp (See Sections 246-261 and 276 Pages 29-32 and 33 of the book "Useful Information for Postmasters in charge of Post Offices on the Revenue Basis"). Steel dating stamps are to be used on all occasions when back-stamping Registered letters, except where it is obvious that there is a possibility of damage resulting from the use of the steel dating stamp.

(9) **Books of Instructions to Postmasters of Accounting Post Offices.**—During the course of visits to accounting Post Offices, Inspectors of Postal Service have found that in some cases Postmasters have either destroyed or discarded their copies of the 1927 issue of the book—INSTRUCTIONS FOR POSTMASTERS IN CHARGE OF ACCOUNTING POST OFFICES—owing to a misapprehension that the book—USEFUL INFORMATION FOR POSTMASTERS IN CHARGE OF POST OFFICES ON THE REVENUE BASIS—which was issued to them in 1928, was intended to take its place.

These two books are entirely different and should both be used at accounting Post Offices. The book of INSTRUCTIONS FOR POSTMASTERS IN CHARGE OF ACCOUNTING POST OFFICES contains the regulations in regard to conducting Money Order, Postal Notes, Savings Bank Business, etc., while the book of USEFUL INFORMATION FOR POSTMASTERS IN CHARGE OF POST OFFICES ON THE REVENUE BASIS deals particularly with the procedure to be followed in connection with the handling of mail matter.

It is the intention of the Department to only issue these two books periodically—NOT YEARLY.

Postmasters of accounting Post Offices who have done away with their book of INSTRUCTIONS FOR POSTMASTERS IN CHARGE OF ACCOUNTING POST OFFICES should immediately make requisition in the regular way for another copy.

(10) **Reason for Non-delivery must be indicated on Letters Returned to Senders.**—Attention has been invited to the fact that many Postmasters are returning undeliverable letters and other articles to the senders without marking on the covers the reason for non-delivery (such as "Not called for", "Refused", etc.), or stamping the articles with the Post Office date stamp.

In this connection, it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is returned to the sender, and that each such letter or other article should, at the same time, be stamped with the date stamp of the Post Office from which it is returned to the sender. (See section 196, page 50, Postal Guide 1930).

(11) **Complete Address required on Insured and C.O.D. Parcels.**—Postmasters are reminded that insured and C.O.D. parcels must be fully addressed before they are accepted for mailing. As it is essential that this regulation be followed, Postmasters will caution employees accepting parcels that they must be fully addressed as to street and number or office building, and at the same time every effort should be made to bring to the attention of the public the importance of correctly addressing all articles of mail, pointing out the delay and possible loss which may result from their failure to co-operate in this way.

(12) **Reduced rate on Canadian newspapers to India.**—By agreement with the Postal Administration of India, the same rate of postage which applies to Canadian newspapers and periodicals addressed to subscribers and newsdealers in Canada, and to sample copies and transient newspapers and periodicals, applies to Canadian papers similarly sent to India.

Postmasters will please amend section 50, page 13 of the 1930 Postal Guide accordingly.

(13) **Letter rate to France and French Colonies:—**

Destination	Rate
FRANCE.....	} 2c. per ounce or fraction.
Corsica.....	
French Guiana.....	
French India.....	
Guadeloupe.....	
Martinique.....

(14) **Racing Tips: Fidelity Cooperatives, Hampden, Maryland, U.S.A.**—Circulars offering racing tips for sale mailed by the above have been observed in the mails, and as the supplying of racing tips is illegal in Canada, registered letters are not to be accepted for this address, and all correspondence addressed to or coming from the above, observed in the mails, is to be returned to the senders when known marked "Mail for this address prohibited," or if the senders are not known, sent specially by first mail to the General Superintendent of Postal Service, for Inspection Division, Ottawa. Money orders are not to be made payable to this address.

**Any Postmaster who does not receive a copy of the Monthly Supplement each month
is requested to notify the Equipment and Supply Branch, Post Office
Department, Ottawa**

Registration, if desired, is additional to the above.

Special delivery for points in Canada and the United States, if desired, is also additional to the above.

Air mail letters should be plainly marked "Via Air Mail" and enclosed, if possible, in special air mail envelopes, which can be obtained at most stationery stores. Wherever possible, air mail stamps should be used to prepay the postage but if such stamps are not available ordinary Canadian postage stamps may be used.

POSTMASTERS WILL PLEASE GIVE THE ABOVE EVERY PUBLICITY.

(3) **Registered Letter Envelopes 2c. each plus registration fee.**—Postmasters are informed that registered letter envelopes, size No. 8 (6½" x 3½"), for domestic as well as foreign letters, embossed with a 10c. stamp on the flap for the payment of the registration fee, are in future to be sold to the public at the following prices:—

Per 10	Per 5	Per 1
\$1.20	60c.	12c.

The above covers the price of the registered letter envelope and registration fee embossed thereon, but does not include ordinary postage.

Postmasters will please amend the last paragraph of section 183, page 48, and of section 342, page 71, in the 1930 Postal Guide accordingly.

(4) **A letter or any other article of mail matter once posted becomes the property of the person to whom it is addressed.**—Section 235 of the 1930 Postal Guide reads as follows:—

"A letter or any other article of mail matter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its directions. On no application, however urgent, can it be delivered back to the writer, or to any other person."

Postmasters should bring this notice to the attention of patrons when requests are made for the return of a letter or other article of mail matter.

(5) **Apartment House Mail Receptacles.**—With reference to notices in Weekly Bulletins of July 7th, 14th and August 4th, 1928, Nos. 383, 384 and 387 respectively, in which appear the names of Apartment House Mail Receptacles manufactured in Canada which had received official approval by the Department, Postmasters are advised that the Mail Box manufactured in Canada by Edwards & Company of Canada, Limited, is to be added to the list of approved boxes.

(6) **Care to be exercised in the use of rubber stamps and ink.**—Postmasters are requested to exercise every possible care in the use of rubber stamps and ink.

Rubber stamps should be used with fountain pad and fountain pad ink only.

Steel dating stamps should be used with cancelling ink only.

The abnormal increase in requisitions received for replacement of rubber stamps and rubber type has caused the Department to make a careful inspection of stamps returned for replacement and in practically every instance the mutilation of rubber has been caused by its having come in contact with cancelling ink.

(7) **Notice to Postmasters of Distributing Offices for Rural Routes.**—It has been brought to the attention of the Department that in certain instances Rural Mail Couriers have accepted direct from the advertisers or agents handbills, circulars soliciting newspaper subscriptions, notice of meetings, etc., for distribution through Rural Mail Boxes, these items bearing no postage.

Postmasters of distributing offices for Rural Routes are accordingly to warn Rural Mail Couriers that it is a violation of Postal Regulations to accept for distribution through Rural Mail Boxes any matter not mailed in the regular way, and which does not comply with regulations in regard to postage.

(8) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 191, page 49 of the Canada Official Postal Guide for 1930.

Postmasters are allowed the usual percentage on postage due stamps.

(9) **Lantern Slides Available for Postal Talks.**—Postmasters are reminded that in order to operate the Postal Service to the best advantage the co-operation of the mailing public is essential. This co-operation will come if Postmasters will take advantage of every opportunity to educate the public in postal problems. One of the most effective ways of doing this is through the medium of lantern slides shown at church gatherings, schools, business men's meetings, etc.

As in past seasons, sets of lantern slides, together with explanatory notes in regard thereto, have been furnished District Superintendents and Postmasters desiring to use them should arrange with their District Superintendents to obtain the slides and notes for the period required.

There are approximately sixty slides in the set, showing the handling of mail in course of post and also pointing out the various services afforded by the Post Office. The talk should take about thirty-five minutes. It is the usual practice for the Postmaster or someone connected with his office to give the talk but in some cases the Secretary or other member of the society gives the talk—this being comparatively easy with the help of the notes provided and the assistance given by the Postmaster who, in such cases, should go over the slides and notes with the person giving the talk.

If at all possible, a lantern should be obtained locally. When a lantern cannot be obtained locally, early request should be made and Postmasters should state if electric current is available and if not, whether a storage (automobile) battery could be obtained.

Owing to the numerous requests for lectures alternative dates should be given.

Everything possible should be done to make use of this excellent way of reaching the public.

(10) **Mail Matter addressed to Mowat, Ont.**—The Postmaster at Canoe Lake, Ont., reports that a considerable quantity of mail matter addressed to Mowat, Ont., is being received at his office. Postmasters and Railway Mail Clerks are advised that Mowat is a nonpost office point on the C.N.R. between Parry Sound and Sudbury and mail matter addressed to Mowat should be forwarded to Parry Sound.

(11) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Helston, Man.

Hilton, Man.

Particular care should be taken in the sortation of mail for these offices.

(12) **Imperial Reply Coupons.**—In future Imperial reply coupons received from places within the British Empire for the purpose of prepaying replies to letters may be exchanged at any post office for a 2c. Canadian postage stamp.

Postmasters will please substitute the following for the second paragraph of section 311, page 65 in the 1930 Postal Guide. "Persons receiving Imperial reply coupons in letters from any country within the Empire can have them exchanged at any post office for Canadian stamps of the value of 2c."

(13) Parcel Post to Central and South America and West Indies via New York—20 lbs. limit.—

(14) Paraguay—Parcel Post Rates.—Postmasters are informed that in view of the higher transportation charges now due other countries participating in the service, the rate of postage on parcels posted in Canada for transmission via New York to Paraguay will in future be 35c. for each pound or fraction thereof up to and including 10 pounds. For parcels over 10 pounds and not exceeding 15 pounds, the postage will be a flat rate of \$3.50, and for parcels over 15 pounds up to 20 pounds a flat postage rate of \$4.00.

(15) Parcel Post for Central and South America routed via New York must be forwarded on Montreal.—Postmasters are again reminded that parcel post Parcels for Central and South America, British West Indies, Haiti, Guadeloupe, Dominican Republic and Dutch West Indies which are routed via New York must be forwarded on Montreal to be included in the parcel mails made up by that office for New York.

(16) Russia—Parcel Post Suspended via England and Germany.—The British Administration advises the parcel post service for Russia in Europe and Russia in Asia via Germany has been suspended. (2) **Fort McMurray-Aklavik Air Mail Service is the only mail service to Mackenzie River District.**—Some Postmasters are apparently under the impression that in addition to the air mail service in the Mackenzie River District from Fort McMurray to Aklavik there will be during the summer months an alternative mail service by river transport and by aeroplane.

Such is not the case, as the existing air mail service which operates the year round is the only mail service to the Mackenzie River District.

(3) **Post Offices to which Maximum Parcel Post Rates Apply.**—The following is a list of Post Offices in Canada to which the maximum parcel post rates of 12 cents a pound up to 10 pounds and \$1.50 a parcel over 10 pounds and up to 15 pounds apply—

(4) **Certain samples may be sent sealed against inspection.**—Samples of any staple article of use or consumption, possessing no saleable value, properly transmissible by post, put up in the usual manner and with a proper descriptive label, may be forwarded by post, though the enclosing tin or case may not admit of being opened in course of post, if posted by parties known to be engaged in the manufacture or sale of the article in question, and who vouch that the contents are precisely as described on the label.

Postmasters are advised that samples mailed in accordance with this regulation and fully prepaid at third class rates, are to be delivered without additional postage being charged. (See Section 106, page 23 of the 1930 Postal Guide).

(5) **Apartment House Mail Receptacles.**—Postmasters are advised that the Apartment House Mail Box manufactured in Canada by the Amalgamated Electric Corporation, Limited, Montreal, Toronto, Hamilton, Winnipeg, Calgary, Vancouver, has been added to the list of approved boxes. Previous approvals of other boxes have appeared in the Weekly Bulletins of July 7th, July 14th and August 4th, 1928, and the Bulletin of February 1st, 1930.

(6) **Postal Notes.**—Considerable numbers of Postal Notes continue to be remitted to the United States due to the fact that the purchasers ignore the regulations published in the "Notice to the public" posted in the Post Office lobbies, and also the regulations printed on the Postal Notes themselves. As such remittances cause inconvenience and loss to both remitters and payees, as well as extra work to the Department and to the offices concerned, Postmasters should, when opportunity allows, direct the special attention of the purchasers to paragraph No. 1, printed on the face of the postal Notes.

(7) **C.O.D. Remittances.**—The attention of Postmasters is directed to the paragraph relating to "Money Orders to be sent direct to sender of article" on page 4 of the special instructions to Postmasters regarding C.O.D. Service within Canada, wherein it is stated that Money Orders remitting the charges to senders should be issued promptly in every case and **should be endorsed in the space provided with the same number as the C.O.D. article for which remittance is being made.**

Instances are occurring in which this latter procedure is not being carried out, and Postmasters are, therefore, instructed that each money order so issued must have the number of the C.O.D. article inserted in the proper space.

(8) **Transmission of Day-old Chicks by Parcel Post.**—Postmasters are informed that the service for the transmission of day-old chicks by Parcel Post in Canada will be renewed this year.

Live day-old chicks may be accepted from the 1st March to June 15th, at the risk of the sender, for transmission at Parcel Post Rates to places within Canada and the United States, provided the package in which they are contained is properly prepared and that delivery can be made to the addressee within 36 hours from the time of posting.

Day-old chicks must not be accepted for transmission if baggage car service, "catch-post" service, or service by water-route is necessary—this does not include short water routes which are virtually ferry services. Shippers should consult the District Superintendent of Postal Service for information as to places to which the day-old chicks may be sent.

Parcels containing day-old chicks may not be insured.

Shipments of day-old chicks are to be transported outside of mail bags. It is recommended that the shipper affix a legibly written or printed notice to each such package, giving the following instructions which postal employees are to carefully observe:—

"Day-old chicks. This side up. Handle with special care.

Do not give food or drink to the chicks while in transit.

Despatch as quickly as possible and deliver to addressee promptly upon arrival at office of destination.

Do not place package in mail bag or cover with other mail matter.

Do not place near hot pipes, stoves or radiators or expose to cold winds or hot sun.

As far as possible protect them from all extremes of heat or cold."

(9) **Special Handling of Spring Hats.**—In view of the increase of fragile shipments—mostly hats, owing to the Spring season—postmasters are requested to give special attention to shipments of this nature. Fragile parcels should be well packed and should be conspicuously endorsed or labelled "Fragile—with care."

Fragile parcels are to be despatched in "brown striped," "all red" or "all blue" bags, of which a supply should be on hand. Even if there is only one fragile parcel for despatch it should be placed in a "brown striped," "all red" or "all blue" bag.

All postal employees are especially warned not to roughly handle fragile parcels or "brown striped," "all red" or "all blue" bags containing fragile parcels nor to throw them on the floor or onto mail trucks or into postal or baggage cars and under no circumstances to sit on or walk over sacks of mail matter.

In piling, loading or unloading matter "brown striped," "all red" or "all blue" bags containing fragile articles should be kept on top.

(10) **Proper Cancellation of Postage Stamps.**—Re proper cancelling of postage stamps, Postmasters are warned that frequent checks will be kept with a view to ascertaining whether post offices are properly performing this important duty.

To ensure proper date stamping and cancellation the following points should be observed:—

(1) Keep the type in the dating stamp clean by brushing it—a tooth brush will answer the purpose and the stamp can be thoroughly cleaned in a minute or two.

(2) Keep the stamping pad well inked.

(3) Shake the ink thoroughly before placing it in the pad.

(4) Rub the ink well in with the wooden muller.

(5) Scrape the pad occasionally to remove the dust which accumulates and becomes clogged with ink.

(6) Do not allow stamping pad to become too much worn to properly hold the ink.

(11) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Beaver River, N.S.

Bear River, P.E.I.

Mulga, Alta.

Mulga, Alabama, U.S.A.

Particular care should be taken in the sortation of mail for these offices.

Postmasters will please amend Section 50, page 13, of the 1930 Postal Guide accordingly.

(14) Reduced Rate on Canadian Newspapers to South West Africa.—By agreement with the Postal Administration of South West Africa, the same rate of postage which applies to Canadian newspapers and periodicals addressed to subscribers or newsdealers in Canada, and sample copies and transient newspapers and periodicals, applies also to Canadian papers similarly sent to South West Africa.

(16) Parcel Post to Bahamas and British Guiana—20 lbs. Limit.—Postmasters are informed that the limit of weight for parcel post parcels in Canada to Bahamas and British Guiana by direct service has been extended from 15 pounds to 20 pounds.

(18) Shortpaid Insured Parcels for Great Britain and Foreign Countries.—It is observed that a large number of post offices are forwarding parcels to Great Britain and foreign countries shortpaid both as to postage and insurance fee.

The attention of Postmasters is, therefore, directed to the revised table of parcel post rates, published in this issue of the Supplement, Section 20, Page 15, and to the fact that the insurance fees for other countries, except the United States, are as follows:—

12 cents for insurance not exceeding \$50.

30 cents for insurance exceeding \$50 and not exceeding \$100.

(19) Cigars and Cigarettes to the United States.—Postmasters are informed that the importation into the United States of fewer than 3,000 cigars or cigarettes in a single packet is illegal, and a fine equal to the duty is imposed for the infraction of this law.

When a Postmaster becomes aware that cigars and cigarettes are enclosed in a parcel for the United States, he should inform the sender of the possibility of the addressee being required by the United States authorities to pay the fine as well as the duty.

(20) **Parcel Post Rates to Other Countries.**—Postmasters will find hereunder a Table of Parcel Post Rates from Canada to other Countries with changes which have occurred since the Guide went to press and which should be noted in their copy of the 1930 Guide.

(5) **Postage Stamps not to be used for C.O.D. Remittances.**—It has been brought to the attention of the Department that some Postmasters of Non-Accounting Post Offices have been in the habit of remitting the C.O.D. charges collected, by means of postage stamps. As the use of postage stamps in this way is directly contrary to the regulations and illegally inflates revenue, the Department will take a very serious view of any future irregularity of this nature.

At Non-Accounting Post Offices after a C.O.D. parcel has been delivered and the charges collected, postage stamps to the value of the money order fee (including war tax) should be affixed to the back of Section 4 of the C.O.D. tag, which together with the cash to be remitted, is to be put in official envelope number 45 and forwarded promptly under registration to the Postmaster of the accounting post office at which the C.O.D. article was posted. Such stamps must not be cancelled in any manner.

(6) **Local Daylight Saving.**—It is necessary in all cases that arrangements shall be made to despatch and receive mails in accordance with the railway time tables; but in the matter of the time of the opening and closing of post offices the postmaster may be guided by the action of the municipal authorities, that is, in any place where the local authorities decide to adopt daylight saving time, the postmaster may do likewise,—he should, in all cases, be guided by what is in the best interests of the public service.

(7) **Bank Deposit Slips must be signed.**—The attention of Postmasters at Accounting Post Offices is called to the necessity of the deposit slips which accompany their remittances to the bank being signed by the Postmaster himself or by an assistant in his office certified to the Bank as authorized to sign for the Postmaster.

The second sentence in Rule No. 144 of the Book of Instructions will be replaced by the following,—

He must be careful to specify the denomination of Bank Notes and other particulars of each remittance. As the transaction is one between the Postmaster personally and the bank the deposit slip should be signed by him or by an assistant in his office certified to the Bank as authorized to sign for the Postmaster and the remittance should be verified by a second person, who should affix his initials to the deposit slip.

(8) **Registration Fee required on Registered Letters addressed to Government Departments.**—Postmasters are reminded that while correspondence on public business addressed to Public Departments as set forth in sec. 160, Page 40, of the Postal Guide, may be forwarded free of ordinary postage, the usual registration fee must be prepaid if the letters are to go forward under registration.

There is no change in practice as regards mail matter sent to the Post Office Department by its Outside Service. Such matter sent under registration must be restricted to a minimum.

(9) Notice to Postmasters of distributing offices for rural routes.—It has been brought to the attention of the Department that in certain instances Rural Mail Couriers have accepted direct from the advertisers or agents, hand-bills, circulars soliciting newspaper subscriptions, notice of meetings, etc., for distribution through Rural Mail boxes, these items bearing no postage.

Postmasters of distributing offices for Rural Routes are accordingly to warn Rural Mail Couriers that it is a violation of Postal regulations to accept for distribution through Rural Mail boxes any matter not mailed in the regular way, and which does not comply with regulations in regard to postage.

(10) Special Handling of Shipments of Eggs.—Attention has been invited to the fact that in a number of cases shipments of eggs sent by parcel post have not been treated as fragile parcels, resulting in heavy losses to those concerned. In this connection Postmasters are requested to see that when shipments of eggs are presented for mailing, the eggs are packed in the manner described in the regulations on page 30 of the Postal Guide and that the package is conspicuously marked "Fragile—With Care."

Fragile parcels of this nature are to be despatched in "fragile" bags of which a supply should be on hand.

All postal employees are specially warned not to handle roughly fragile parcels or bags containing fragile parcels, and under no circumstances to sit on or walk over sacks of mail matter. In piling, loading or unloading matter, "fragile" bags should be kept on top.

(11) Mail Matter addressed to Whitefish Lake, Alberta.—The Postmaster at Goodfish Lake, Alberta, reports that a considerable quantity of mail matter addressed to Whitefish Lake is being received at his Office. Postmasters and Railway Mail Clerks are advised that mail matter addressed to Whitefish Lake, a non-post office point, should be forwarded to Grouard, Alberta.

(12) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:

Elmira, N.Y.	Elmira, Idaho.	Elmira, P.E.I.	Elmira, Ont.
Gourin, Alta.	Turin, Alta.	Morton, Ont.	Warton, Ont.
Benito, Man.	Benalto, Alta.		

Particular care should be taken in connection with mail addressed to these points.

(13) Grommet lock sacks not to be used in despatching mail to the United States.—In the empty bag equipment returned from the United States to Canada numerous grommet lock sacks have been observed recently. These sacks had their cords cut for the purpose of removing the contents, as Postmasters in the United States are not furnished with keys for the manipulation of these locks.

Postmasters are cautioned not to use these grommet lock sacks in despatching mails to the United States.

(14) Unpaid or Shortpaid Postcards addressed to United States.—Postcards, including pictorial cards, posted in Canada by tourists and others, addressed to the United States, which are either wholly unpaid, shortpaid, or prepaid by United States postage stamps, are to be forwarded to destination taxed double the deficiency at postcard rate.

When the cards are prepaid with United States postage, they are, in addition, to be marked with an "O" beside the stamp.

(15) Direct Exchange of Parcel Post with Brazil.—Postmasters are informed that a direct exchange of uninsured parcels by post has been arranged between Canada and Brazil. This will be in addition to the parcel post route via New York. Direct parcel post mails will be made up at Montreal, Saint John and Halifax. The first direct despatch will be forwarded by the S.S. "Canadian Skirmisher", sailing from Montreal on the 20th May, 1930.

The rates of postage on parcels posted in Canada for transmission via this direct route will be as follows:—

1 lb.....	\$0.15	6 lbs.....	\$0.90	Over 10 lbs.	Over 15 lbs.
2 lbs.....	0.30	7 lbs.....	1.05	not exceeding	not exceeding
3 lbs.....	0.45	8 lbs.....	1.20	15 lbs.	20 lbs.
4 lbs.....	0.60	9 lbs.....	1.35		
5 lbs.....	0.75	10 lbs.....	1.50	\$2.00	\$2.50

The regulations as to packing, Customs Declarations, prohibited articles, etc., will be the same as for parcels for Brazil sent via New York. The limit of weight will be 20 pounds.

(See page 14)

Attention is directed to the fact that the postage rates for parcels for Brazil despatched via New York have been altered and until further notice will be as follows:—

1 lb.....	\$0.25	6 lbs.....	\$1.50	Over 10 lbs.	Over 15 lbs.
2 lbs.....	0.50	7 lbs.....	1.75	not exceeding	not exceeding
3 lbs.....	0.75	8 lbs.....	2.00	15 lbs.	20 lbs.
4 lbs.....	1.00	9 lbs.....	2.25		
5 lbs.....	1.25	10 lbs.....	2.50	\$3.00	\$3.50

The charges for the conveyance of parcels by the direct service are lower than for the service via New York. The frequency of the direct service is less and the choice of the route should be left to the sender. Persons wishing to forward parcels by the direct route should bear this in mind.

(16) Parcel Post to Bermuda by Direct Service—20 pound limit.—Postmasters are informed that the limit of weight for parcel post parcels from Canada to Bermuda via Direct Service has been extended from 15 pounds to 20 pounds.

		7 lbs.....	1.94	11 lbs.....	2.98

(19) Parcel Post with Mexico.—The Postal Administration of Mexico advises that parcels addressed to Mexico are being irregularly forwarded by many post offices in Canada direct, instead of being diverted to the proper exchange offices, and Postmasters are specially requested to note that direct mails from Canada for Mexico are made up at Toronto and Vancouver and should always be forwarded to one of these exchange offices. Close observance of this procedure is important.

NOTICE

RULE 26 (a) BOOK OF INSTRUCTIONS

The attention of Postmasters and issuing officers is directed to the fact that, whereas an unusually large number of books of Money Order forms and individual forms are unnecessarily spoiled, it is evident that sufficient care is not being exercised in the preparation of Money Orders.

This excessive wastage constitutes considerable loss to the Department, not only in the cost of the forms, but through the loss of time occasioned in the audit procedure in the Money Order Division.

If, therefore, this spoilage continues, Postmasters will be required to make good the cost of manufacture of the spoiled Orders, when such spoilage occurs through carelessness or for reasons which could have been avoided through the exercise of proper care on the part of the Postmaster.

(2) **Post Offices to which Maximum Parcel Post Rates Apply.**—Postmasters are informed that Keno Hill and Wernecke, Yukon are to be added to the list of Post Offices to which maximum Parcel Post Rates apply.

(3) **Amendment 1930 Postal Guide.**—Article 89, page 20 of the Canada Official Postal Guide for 1930, reads in part, "At office of delivery these address labels should be removed from the packages and retained for two months for purposes of reference".

Postmasters will please amend the above instructions to read as follows:—

"At office of delivery these address labels should be removed from the packages; the stamps are to be immediately cancelled and the address labels, with the stamps attached, are to be sent at once to the Financial Branch, Post Office Department, Ottawa. They are not to accompany the Cash Accounts."

(4) **Lapsed Postal Notes.**—As considerable numbers of Postal Notes which have been outstanding more than twelve months from the dates of issue are being paid without special authority,—Postmasters are reminded that when a lapsed Note is presented, payment must be deferred until special authority to pay it has been procured from the Department. The amounts of such Notes are likely to have been paid by means of duplicates,—and in paying a lapsed Note without obtaining special authority to do so, a Postmaster runs a risk of loss which he may be called upon to make good.

(5) **Schedule of Postage Stamps on Hand.**—Postmasters are informed that in future it will not be necessary to fill in the schedule of postage stamps on hand on the last day of the month as at present provided for on the back of the Cash Account.

(6) **Collection of Deficient Postage—Postage Due Stamps.**—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 191, page 49 of the Canada Official Postal Guide for 1930.

Postmasters are allowed the usual percentage on postage due stamps.

(7) **Care to be Exercised in Estimating Supplies Required.**—The Equipment and Supply Branch advise that Postmasters very frequently send several requisitions within the month for supplies instead of estimating properly and forwarding one requisition only.

The added labour entailed in filling several requisitions instead of one, together with the extra quantity of wrapping paper, twine and handling of excessive number of parcels in the mails can be eliminated to a great extent if Postmasters of Accounting and Non-accounting offices will immediately make an inventory of the stock of forms on hand and carefully estimate requirements for a three months period.

Care should be exercised to requisition for a quantity only absolutely necessary to meet requirements of the office for three months and also to give exact quantity of stock on hand at time of requisition.

Care should always be taken to have printed forms on hand kept in a neat and clean condition.

(8) **Correct Addressing.**—During the fiscal year 1928-1929 over 2,220,000 articles were received at the Dead Letter Office, because of insufficient addressing, non-payment of postage, etc.

One of the greatest sources of faulty addressing is the use of inaccurate mailing lists and every business man should keep constantly before his clerks the slogan:—

"KEEP YOUR MAILING LISTS UP TO DATE."

This is essential not only to prevent waste, but also because of the effect on the addressee of receiving carelessly addressed or otherwise badly prepared pieces of mail. Particular care should be taken to see that the name is correctly spelled, that the full Christian name or initials are used and that no attempt is made to economize in addressing by leaving off any portion of the address. This is a form of economy which is apt to prove a "boomerang" because the effect on the prospective customer of faulty spelling of a name or other indication of slipshod methods is sure to be anything but favourable. If an article is worth mailing it is worth receiving the best of attention in the way of full address, etc. If the addressing is done by a firm's own employees, then the management should see that the lists are kept up to date and that every piece of mail is checked before despatch; if the mailing is undertaken by firms engaged in handling mailing campaigns, then the advertiser should see that his work is given to a reliable concern and not merely to one which quotes the lowest price per 1,000 for addressing. A loss of one or two prospective customers will usually more than off-set any slight saving which might be effected by taking inferior work.

Postmasters should bring the above to the attention of firms using mailing lists and in this connection it may be pointed out that Post Office rural directories will be of great assistance in preparing such lists.

(9) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Beaver, B.C.	Beaver Mines, Alta.	Beacon Mines, Alta.
Warburg, Alta.	Horborg, Alta.	Holberg, B.C.
Beazer, Alta.	Deaver, Alta.	
Jarrow, Alta.	Yarrow, B.C.	
Belloy, Alta.	Maloy, Alta.	
Cowley, Alta.	Rowley, Alta.	
Roe Lake, B.C.	Rose Lake, B.C.	
Sechart, B.C.	Sechelt, B.C.	
Soda Creek, B.C.	Soda Lake, Alta.	
Connolly, Alta.	Donnelly, Alta.	
Malmö, Alta.	Salmo, B.C.	
Ardley, Alta.	Ardey, B.C.	
Dunn, Alta.	Gunn, Alta.	
Exshaw, Alta.	Erskine, Alta.	Bashaw, Alta.
Haynes, Alta.	Hains, Alaska.	

Particular care should be taken in connection with mail addressed to these points.

(10) **Air Mail Rates.**—Postage including fees for all air mail services available en route and in country of destination.

Country	Postage including fee for all air mail services available
Finland.....	20c. each oz.
French Guinea.....	35c. each $\frac{1}{2}$ oz.
Gambia.....	15c. each $\frac{1}{2}$ oz.
Hungary.....	15c. each oz.
Russia (U.S.S.R.).....	25c. each oz.

Postmasters will please insert the above in the list appearing on page 13 in the April Supplement to the 1930 Postal Guide.

(11) **Air Mail Service to Hungary.**—Effective immediately, air mail may be despatched from Canada by Canadian and European air mail services for delivery in Hungary.

Postage, including fees, for all air mail services available is fifteen cents each ounce.

(12) **Parcel Post to South America, etc., via New York.**—Postmasters are informed that, in future, the postage rate on parcels weighing 11 pounds, addressed to Dutch Guiana, French Guiana, Guadeloupe, Turks and Caicos Islands and Venezuela, intended for despatch via New York, will be \$2.25.

The Table of Parcel Post Rates to other countries, published in the April Supplement, should be revised accordingly.

(13) **Parcel Post to Union of South Africa via New York.**—Postmasters are informed that parcel post for the Union of South Africa may now be accepted for transmission via New York. The rate of postage applicable to such parcels will be 25 cents for each pound or fraction thereof.

Parcels prepaid for transmission by the direct route or via England will continue to be forwarded by such routes.

(14) **Parcels for other Countries should be marked with Disposal Instructions of Sender.**—The Senders in Canada in several recent instances have had to pay heavy return charges on parcels which proved undeliverable in other countries.

To avoid being called upon to pay such charges Senders should mark the disposal of their parcels desired in case of non-delivery. Under International Postal Law parcels which cannot be delivered to the addressee may be either

(a) treated as abandoned,

(b) tendered for delivery at the second address in the country of destination.

No other alternative is admissible.

In the absence of a definite request for abandonment, a parcel which cannot be delivered at the original address or at the alternative address, if one is furnished, will be returned to the sender without previous notification and at his expense.

Space is specially provided for the disposal instructions of the Sender on the Customs Declaration, which he is required to fill out for parcels posted to other countries and Postmasters are requested to see that this space is properly filled in by persons posting parcels to other countries.

(15) **Changes in 1930 Postal Guide.**—Postmasters will find hereunder a list of changes which have occurred since the Guide went to press and which should be noted in their copy of the 1930 Guide.

(2) **Ballot Boxes used in Dominion Elections under Dominion Elections Act on the 28th July, 1930.**—Ballot boxes sent prior to a Dominion election by Returning Officers addressed to Deputy Returning Officers are liable to postage at parcel post rates. With a view to added security, Postmasters may permit Returning Officers to send Ballot Boxes registered at parcel post rates, plus the registration fee.

Ballot Boxes used in Dominion Elections, may, on or subsequent to polling day, be sent through the mails from Deputy Returning Officers to Returning Officers registered, free of postage, in accordance with Section 67 (9) of the Dominion Elections Act.

Keys of Ballot Boxes in special envelopes addressed to Returning Officers and containing on their face a statement that such envelope has enclosed a key to the Ballot Box for a specified Polling Division may similarly be sent through the mails, registered, free of postage.

(3) **Letter Carrier Delivery at Yorkton, Sask.**—Postmasters are requested to note that as letter carrier delivery is now in operation at Yorkton, Sask., this Post Office should be added to the list given at Section 13, page 8 of the 1930 Postal Guide of places where letters prepaid with the necessary fee may be delivered by special messenger.

(4) **Parcel Post Rates to points in the Mackenzie River District during the season of navigation.**—During the season of navigation, parcel post to points in the Mackenzie River District may be accepted at the same rates of postage as prevailed prior to the inauguration of the air mail service in this District; that is, 12c. a pound up to 10 lbs. and \$1.50 a parcel over 10 lbs. and up to 15 lbs. Parcel post prepaid at these rates will be conveyed by boat from Fort McMurray.

In addition to this service, there will also be the air parcel post service at the higher air parcel post rates.

The boat service will not be as frequent as the air mail service and parcel post forwarded via this route will necessarily take much longer to reach destination than parcel post prepaid at the higher air parcel post rates.

The choice of the route for parcels to points in this District during the season of navigation will rest with the sender. Persons wishing to forward parcels by the air mail service should prepay them at air parcel post rates and endorse them "via air mail".

(5) **Alteration or cancellation of C.O.D. charges permitted.**—Postmasters' attention is invited to the following regulations appearing at the bottom of page 5 of the pamphlet "C.O.D. Service within Canada":—

The charges on C.O.D. articles may be increased, decreased or cancelled upon request of the sender, made through the Postmaster at the office of mailing.

A letter authorizing the change in collection is to be filed by the sender with the Postmaster at the office of mailing, who will in turn forward the letter with full particulars as to C.O.D. number, date of mailing, etc., to the Postmaster at the office of address.

In case telegraphic advice is necessary the telegram is to be sent by the Postmaster of the office of mailing, but is to be paid for by the sender of the article.

Such telegraphic advice must be immediately confirmed by letter.

Postmasters accepting requests for cancellation or alteration of C.O.D. charges must make sure that the request is from the actual sender and in case of doubt should require that the sender's receipt be produced.

In the event of a request for alteration or cancellation of charges being received by a Postmaster at the office of address direct from the sender, the Postmaster may, if he is satisfied that the request is from the actual sender, comply with it, notifying the Postmaster at the office of mailing of his action with a request for verification.

A letter of authority for the alteration or cancellation of the charges should in all cases be attached to, and filed with the delivery office record.

If the C.O.D. charges be raised so that additional C.O.D. fee is necessary the extra amount should be collected by the mailing postmaster when complying with sender's request.

Postmasters and all postal employees should make themselves thoroughly familiar with the above regulations.

(6) **Post Office Robberies.**—There is a tendency during the summer season for Postmasters to exercise less vigilance in protecting their premises from dishonest persons at night, with the result that robberies and thefts are sometimes committed which might be avoided with a little extra care. Postmasters will, therefore, please carefully observe the following instructions:—

(1) Doors and windows of Post Office premises should be carefully locked and bolted at night.

(2) Post Office valuables must be given maximum protection at all times, but particularly after the office is closed for the day. If there is a safe on the premises these valuables should be placed therein. Attention is particularly directed to the fact that if the investigation following a robbery discloses that sufficient protection was not accorded Post Office property, either through carelessness or indifference, the Postmaster will be required to make good any loss involved.

(3) In all cases where a robbery has been committed, the Postmaster should immediately report same by wire or telephone to the District Superintendent.

(7) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Foreman, Alta.	Furman, Alta.
Chapel Rock, Alta.	Castle Rock, B.C.
Rae, Alta.	McRae, Alta.
Criss Creek, B.C.	Riske Creek, B.C.
New Bridgen, Alta.	New Brighton, B.C.
Boyne Lake, Alta.	Baynes Lake, B.C.
Rosedale, Alta.	Rosedale, B.C.

Particular care should be taken in connection with mail addressed to these points.

NOTICE

MONEY ORDER CHANGES TO BE ENTERED IN CANADA OFFICIAL POSTAL GUIDE

It has been brought to the attention of the Department that since the discontinuance of the separate List of Money Order Offices in Canada, and the incorporation of the information in the Canada Official Postal Guide, many Postmasters fail to make the necessary changes published in the Monthly Supplements, as instructed in the February, 1930, Supplement, and as directed in each Monthly Supplement.

As it is imperative that the Postal Guide be kept corrected to date in order to assure proper preparation of Money Orders, Postmasters will please give this matter their prompt attention.

NEW STYLE MONEY ORDER TO REPLACE INTERNATIONAL MONEY ORDER

Postmasters are informed that the old style of International Money Order (Red) with the relative Advice (Yellow) prepared at the International Money Order Exchange Office at Ottawa, and at the Vancouver Exchange Office, from the descriptive lists of advising from certain Foreign Countries has been discon-

*For conversion Table, see last page of this supplement.

tinued, and is being superseded by a new form of Order which is practically identical with the "Domestic" Form of Order.

The new Form of Order will be despatched from the above named Exchange Offices "direct" to the Payee named in the List, and like "Domestic" Orders will be payable at any Money Order Office in Canada, if presented within one month from the date of issue.

No Advice will be despatched to the Office named as the paying Office, as the Coupon is to be detached at the Office where payment is made and placed on file as a record of payment.

The new style of Orders are to be claimed in the Money Order Return with Domestic Orders.

CAUTION.—THE USUAL CARE IS TO BE EXERCISED IN THE PAYMENT OF ORDERS ISSUED TO REPLACE INTERNATIONAL MONEY ORDERS TO SEE THAT THE AMOUNT EXPRESSED IN THE BODY OF THE ORDER IS NOT GREATER THAN THE LARGEST AMOUNT INDICATED IN THE SAFETY MARGIN.

(2) **Insurance on Parcel Post.**—With reference to the regulations which provide that parcels posted in Canada for delivery in Canada on which charges of 40 cents or more have been prepaid, may, if so requested by the senders, be insured up to \$50 without insurance fee, Postmasters are informed that, with a view to simplification, the schedule to be used in applying the above to the Parcel Post Table of Rates has been amended as follows:

40 cents covers postage and insurance up to \$50.

on a 5, 6 or 7 pound parcel for points (outside of the 20 mile radius) in the province in which it is posted.

on a 4 or 5 pound parcel for points (outside of the 20 mile radius) in the adjacent province.

on a 3 or 4 pound parcel for points in the second province from the province in which it is posted.

on a 3 pound parcel for points in the third or fourth province from the province in which it is posted.

There is no change as regards the insurance on parcels on which charges of less than 40 cents have been prepaid.

If the sender desires to insure such parcels in excess of \$50, the regular insurance fee of 12 cents to cover the additional insurance must be prepaid.

The above changes are effective immediately.

(3) **Boat service for parcel post to points in Mackenzie River District cancelled, and air parcel rates reduced during season of navigation.**—With reference to the notice in the Post Office Weekly Bulletin of the 21st instant, relating to a parcel post service by boat during the season of navigation to points in the Mackenzie River District, Postmasters are informed that the Department has found it necessary to cancel the arrangements for this boat service, owing to the fact that the transportation company has now greatly increased the charges for conveyance of parcel post by this means.

It has been decided, however, to reduce the air parcel rates by fifty per cent during the season of navigation, and the following air parcel post rates for the season of navigation will accordingly become effective immediately:—

Post Office	Air Parcel Post Rates

(4) **"Sticker" Air Mail Services, Edmonton, Alberta to Fort McMurray, Alberta.**—Permission has been granted the Commercial Airways Limited, operating an air service between Edmonton, Alberta, and Fort McMurray, Alberta, to convey such mail on the Northbound trip as is offered by the public for conveyance by this service, provided the senders assume all risk.

The requirements for this service are:—

(1) "By air—Edmonton to Fort McMurray" to be prominently written on the address side.

(2) The usual Canadian postage to be affixed on the address side.

(3) A special aerial sticker sold by the Company or its agents representing a charge of 10 cents an ounce to be placed on the reverse side in payment of the special charge for transmission by aerial service, which has been fixed by those making the flight.

(5) **Letter Carrier Delivery at Sudbury, Ont.**—Postmasters are requested to note that as letter carrier delivery is now in operation at Sudbury, Ont., this Post Office should be added to the list given at Section 13, page 8 of the 1930 Postal Guide of places where letters prepaid with the necessary fee may be delivered by special messenger.

(7) **Mechanical Division.**—From this date all matters affecting the mechanical aspect of mail handling operations in City Post Offices will be addressed to "the office of the Deputy Postmaster General" marked for the attention of the Mechanical Division.

Postmasters who have not in their possession copies of "Instructions to be followed in the maintenance of Post Office Mechanical Equipment, Provisional Issue" may obtain same on application as directed in the preceding paragraph.

(8) **C.O.D. Remittances.**—The attention of Postmasters is directed to the paragraph relating to "Money Orders to be sent direct to sender of article" on page 4 of the special instructions to Postmasters regarding C.O.D. Service within Canada, wherein it is stated that Money Orders remitting the charges to senders should be issued promptly in every case and SHOULD BE ENDORSED IN THE SPACE PROVIDED WITH THE SAME NUMBER AS THE C.O.D. ARTICLE FOR WHICH REMITTANCE IS BEING MADE.

Instances are occurring in which this latter procedure is not being carried out, and Postmasters are therefore, instructed that each money order so issued must have the number of the C.O.D. article inserted in the proper space.

(9) **Reason for Non-Delivery Must be indicated on letters Returned to Senders.**—Attention has been invited to the fact that many Postmasters are returning undelivered letters and other articles to the senders without marking on the covers the reason for non-delivery, (such as "Not called for," "Refused," etc.) or stamping the article with the Post Office date stamp.

In this connection, it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is returned to the sender, and that each such letter or other article should, at the same time, be stamped with the date stamp of the Post Office from which it is returned to the sender. (See section 197, page 50, Postal Guide, 1930.)

(10) **Collection of Deficient Postage.**—Postage due Stamps.—Before an unpaid or insufficiently prepaid article is delivered, the amount due thereon must be collected from the person to whom delivery is made, and postage due stamps to the same amount must then be attached to the article, and cancelled.

Unpaid or insufficiently prepaid letters or other articles must not be placed in lock or call boxes rented to the public, but a card should be placed in the box notifying the addressee that such an article has been received and will be delivered at the wicket on payment of the amount due. This card (No. 33) may be obtained on requisition.

An adequate supply of postage due stamps can be had upon requisition in the usual way and must always be kept on hand. See section 191, page 49 of the Canada Official Postal Guide for 1930.

Postmasters are allowed the usual percentage on postage due stamps.

(11) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices—

Mankota, Minn., U.S.A.

Mankota, Sask.

Particular care should be taken in the sortation of mail for these offices.

NOTICES

"OFFICE" NUMBER RUBBER STAMPS

In connection with the "Office" number rubber stamps issued to Money Order Offices, it is found that some Postmasters write the "Office" number, instead of using the stamp, with the result that figures are either indistinctly made or transposed which causes confusion and delay in the audit of Money Order transactions.

Postmasters will please be careful, therefore, to see that a clear impression of the "Office" number stamp is affixed in the space provided in the following vouchers.—

The Money Order Return; The Cash Account; The Postal Note Docket; Form P.N. No. 51, Requisition for supply of Postal Notes; The label for closing envelope M.O. No. 2 P.M., containing the Money Order Return; Form M.O. No. 27 P.M. (Advice of Canadian Money Order); Form M.O. No. 15 P.M. (Application for Duplicate); Form M.O. No. 15 1-4 P.M. (Application for Repayment); and on all other Forms and communications addressed to the Financial Branch on Money Order and Postal Note business.

CANADA OFFICIAL POSTAL GUIDE

INDICATION OF RATE OF EXCHANGE ON ADVICES OF MONEY ORDERS

In connection with the indication by Postmasters on the reverse of Form M.O. No. 27 P.M. (Advice of Canadian Postal Money Order) of the Foreign rate of exchange in effect on the date of issue, it is found that many Postmasters and Issuing Officers insert the rate in the space on the reverse of the Advice, required for the impression of the stamp of the Exchange Office, showing the International Number and date of certification.

In future Postmasters will please enter the Foreign rate of exchange in effect on the date of issue on the front (instead of the reverse) of the Advice, in the blank space, in the upper right hand corner.

(3) **Parcel Post Rates to Red Lake District.**—It has been reported that a large number of parcels addressed to Red Lake District are observed in the mails insufficiently prepaid, Postmasters' attention is directed to the parcel post rates to this district which are as follows:—

25c. per lb. up to 10 lbs., and \$3.00 a parcel over 10 and up to 15 lbs.

(4) **Yukon Mails—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from the 1st of October to the 31st May, parcel post to the Yukon will be suspended, except for the Post offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that during the season of closed navigation matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

Matter prepaid at parcel post rates intended for other points in the Yukon may be addressed to White Horse, and the addressees may make arrangements with the Transportation Company operating between White Horse and Dawson to convey the parcels from White Horse to destination.

Postmasters will please give this every publicity through the press and otherwise.

(5) Ordinary Parcel Post Rates apply to Keno Hill and Wernecke, Yukon.

Postmasters are informed that Keno Hill and Wernecke, Yukon, have been removed from the list of Post Offices to which maximum Parcel Post Rates apply.

(6) **Reason for Non-delivery must be indicated on Letters returned to Senders.**—Attention has been invited to the fact that many Postmasters are returning undeliverable letters and other articles to the senders without marking on the covers the reason for non-delivery (such as "Not called for," "Refused," etc.), or stamping the article with the Post Office date stamp.

In this connection, it is pointed out that the reason for non-delivery of every letter or other article of mail matter must be stamped or written on the address side thereof before it is returned to the sender, and that each such letter or other article should, at the same time, be stamped with the date stamp of the Post Office from which it is returned to the sender. (See section 197, page 50, Postal Guide, 1930).

(7) **Examination of C.O.D. Parcels not permitted.**—Representations have been received to the effect that many postmasters are allowing the addressees of C.O.D. parcels to examine the contents before paying the C.O.D. charges, with the result that the parcels have been refused and considerable difficulty experienced. Postmasters are referred, therefore, to the regulation in the C.O.D. pamphlet reading as follows:—

"No article is to be accepted for C.O.D. which bears any wording to the effect that the article may be examined before acceptance, as the C.O.D. service does not carry with it any examination privilege. No examination of a C.O.D. article or its contents is to be permitted until the C.O.D. charges have been collected and under no circumstances is a C.O.D. article to be delivered to the addressee until the charges due have been collected.

In the event of the addressee having paid the charges due on a C.O.D. article, and after examination of the same desiring to hand the article back and have the money refunded, such request is under no circumstances to be complied with."

This regulation is to be strictly adhered to.

(8) **Acceptance of Registered Articles.**—When a registered article is presented for mailing every possible care is to be taken to see that:—

- it is fully prepaid both as regards ordinary postage charges and registration fee (senders should be informed of the added protection afforded by the higher fees);
- the postage stamps are properly cancelled;
- the article is properly date-stamped on the address side, and twice back-stamped upon the closing flap;
- an entry is made in registered record;
- an impression of "Original No." stamp is placed on the cover and a number given the article; and
- a receipt duly completed is given to the sender.

(9) **Mail Matter Addressed to Phoenix, Alberta.**—The Postmaster at Phoenix, Alta., reports the receipt of considerable mis-sent mail matter addressed Phoenix, Arizona, and also "Star-Phoenix," Sask. It may be stated that Star-Phoenix is the name of the newspaper published at Saskatoon, Sask. Particular care should be taken in the sortation of mail matter so addressed.

(10) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

La Riviere, Man.	Laurier, Man.
Firdale, Man.	Tisdale, Sask.
Torrington, Alta.	Garrington, Alta.
Canyon, B.C.	Canyon Creek, Alta.
	Albert Canyon, B.C.

Particular care should be taken in the sortation of mail for these offices.

(11) **Mail for India including Burma to go via Atlantic routes.**—Mail from Canada addressed to India, including Burma, should in all cases be forwarded by the Atlantic route via Montreal or New York, whichever is the most advantageous, as the length of time the mail takes to reach its destination is considerably less by this route than by the Pacific.

(12) **Rates of Postage on Letters and Postcards from other Countries to Canada.**—Postmasters are advised that the rates on letters and postcards from the countries mentioned below are changed to the following:—

	Letter Rates		Postcards	Date
	1st rate	2nd rate		
Hong Kong	8 cents		4 cents	1 July, 1930.
Portugal	125 centavos	75 centavos	75 centavos	1 July, 1930.
Wei-hai-wei	4 cents	4 cents	4 cents	

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries on pages 13 to 16 of the August Supplement to the 1930 Postal Guide.

(13) **Parcel Post with Mexico.**—The Postal Administration of Mexico continues to report that parcels addressed to Mexico are being irregularly forwarded by many post offices in Canada direct to destination, instead of being diverted to the proper exchange offices, and the attention of Postmasters is, therefore, again directed to the fact that direct parcel mails from Canada for Mexico are made up at Toronto and Vancouver only and that parcels for Mexico should always be forwarded to one of these exchange offices.

(14) **Parcel Post for New Guinea Mandated Territory via Vancouver and Australia.**—Postmasters are informed that the rates on parcel post parcels via Vancouver and Australia, for New Guinea Mandated Territory, have been altered will, until further notice, be as follows:—

1 lb.	\$0 38	4 lbs.	\$1 16	8 lbs.	\$2 20
2 lbs.	0 64	5 lbs.	1 42	9 lbs.	2 46
3 lbs.	0 90	6 lbs.	1 68	10 lbs.	2 72
		7 lbs.	1 94	11 lbs.	2 98

(15) **Dutch East Indies.**—Postmasters are informed that the rate of postage on parcel post parcels weighing over 10 lbs. and up to 15 lbs. for the Dutch East Indies, via Vancouver and Hong Kong, has been increased from \$2.00 to \$2.25.

(16) **Racing Tips: Kroy Wen Publishers, Inc., 688 East 222nd Street, New York.**—Racing tip literature mailed by the above has been observed in the Canadian mails and as the supplying of racing tips is illegal in Canada, registered letters are not to be accepted addressed to the above and all correspondence addressed to or coming from this address, observed in the mails, is to be returned to the senders, when known, marked "Mail for this address prohibited," or if the senders are not known, sent specially by first mail to the General Superintendent of Postal Service, for Inspection Division, Ottawa. Money Orders are not to be made payable to this concern.

(2) **Yukon Mails—Winter Service.**—During the season of closed navigation on the Yukon River, which extends approximately from the 1st of October to the 31st May, parcel post to the Yukon will be suspended, except for the Post Offices of Champagne, Carcross and White Horse.

Postmasters will be careful to see that during the season of closed navigation matter prepaid at parcel post rates is not accepted at their offices addressed to places in the Yukon other than Champagne, Carcross and White Horse.

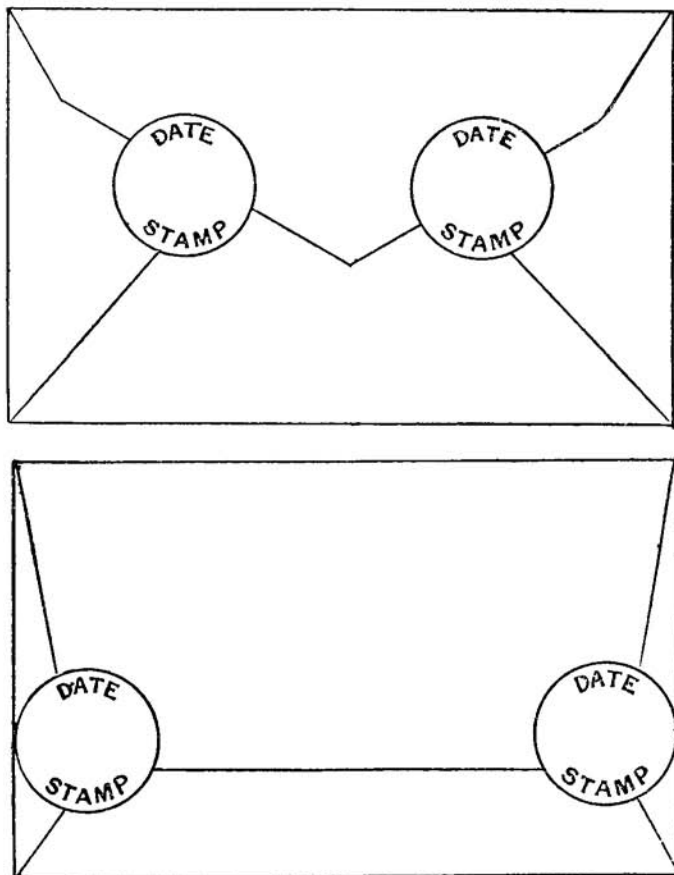

Matter prepaid at parcel post rates intended for other points in the Yukon may be addressed to **White Horse**, and the addressees may make arrangements with the Transportation Company operating between White Horse and Dawson to convey the parcels from White Horse to destination.

Postmasters will please give this every publicity through the press and otherwise.

(3) **Back-Stamping Registered Letters.**—The attention of the Service is again directed to the necessity of properly back-stamping Registered letters, especially at the office of origin.

It is noted in a large number of cases recently investigated by the Inspection Service that the regulations published in Section 170, page 45 of the Postal Guide are not being complied with.

The following diagrams indicate the manner in which date-stamp impressions should be made by the office of origin:—

The steel date-stamp must always be used for the face and back-stamping of letters.

(4) **Use of Rubber Stamps for Address Labels.**—“The attention of Postmasters is drawn to the fact that the rubber stamp issued for use on the address labels of mail bags must not be used on salary warrant dockets, cash accounts or other returns for the Financial Branch.”

(5) **Postage Stamps attached to Postal Notes.**—Notwithstanding the fact that the regulations direct that not more than nine cents worth of Postage Stamps may be affixed to a Postal Note to make up an odd amount, and that such stamps must not be cancelled in any manner until the Postal Note has been paid to the payee, some Postmasters attach Postage Stamps to Postal Notes exceeding nine cents in value and cancel the Postage Stamps with their date-stamps. In some cases, Postage Stamps to the value of 40c. or 50c. or more are attached to Postal Notes and cancelled by the issuing Postmasters. These irregularities cause needless inconvenience and loss to the payees of the Postal Notes and also to the Postal Service, because the paying Postmasters are allowed to pay only for uncanceled Postage Stamps up to but not exceeding nine cents on any one Postal Note. Postal Notes to each of which more than nine cents worth of Postage Stamps are attached will be referred to the District Superintendents of Postal Service who will collect the amounts of the excess stamps from the Postmasters at fault and will pay the amounts to the payees of the Postal Notes.

(See also Section 4, Page 203 of the Postal Guide and paragraph 2 printed on the face of all Postal Notes)

(6) **How to put up Packages of Bank Bills.**—Postmasters are reminded that packages of bank bills for transmission by mail should be put up in the manner described below.

Before Wrapping, the bills must be put up in a compact package and securely tied with strong twine. The wrapper must be of linen or other strong, woven material, linen lined paper or two thicknesses of strong kraft paper (not less than 60 lbs. weight per ream). **After wrapping**, the package must again be securely tied or stitched and sealed at the points of closing.

In any case where a package of bank bills is received in a broken condition, the contents must be carefully verified in the presence of the addressee before the package is delivered and the case must then be reported immediately to the District Superintendent with full particulars as to the date and office of mailing, the name of the bank by which posted, amount of contents, address and date of delivery.

Postmasters are requested to inform the banks which receive and despatch money packages through their office of these regulations.

(7) **Mail matter addressed to Districts and Suburbs of Toronto.**—The Postmaster, Toronto, has directed attention to the fact that mail matter addressed to the undermentioned districts and suburbs of Toronto is being included in Toronto "Dis." packages instead of Toronto "City."

Mimico.	Parkdale.	Todmorden.	Duncan.
Swansea.	New Toronto.	North Toronto.	Etobicoke.
Fairbank.	Danforth.	Birchcliff.	Ezard.
Mimico Beach.	West Toronto.	Coleman.	Humberside.
Humber Bay.	Mt. Dennis.	Don.	Old Mill.
Oriole.	York Mills.		

Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail for these offices.

(8) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Auburndale, N.S.	Auburnville, N.B.	Allendale, N.S.
Belvedere, Alberta.	Bellevue, Alberta.	
Hanson, Sask.	Manson, Man.	
Genesee, Alberta.	Genesee, Idaho.	

Particular care should be taken in the sortation of mail for these offices.

(9) **Unpaid or Shortpaid Postcards addressed to United States.**—Postcards, including pictorial cards, posted in Canada by tourists and others addressed to the United States, which are either wholly unpaid, shortpaid, or prepaid by United States postage stamps, are to be forwarded to destination taxed double the deficiency at postcard rate.

When the cards are prepaid with United States postage stamps, they are, in addition, to be marked with an "O" beside the stamp and the stamps themselves ringed round with pencil.

(10) **Parcels for other Countries should be marked with Disposal Instructions of Sender.**—The Senders in Canada in several recent instances have had to pay heavy return charges on parcels which proved undeliverable in other countries.

To avoid being called upon to pay such charges Senders should mark the disposal of their parcels desired in case of non-delivery. Under International Postal Law parcels which cannot be delivered to the addressee may be either

- (a) treated as abandoned,
- (b) tendered for delivery at a second address in the country of destination.

No other alternative is admissible.

In the absence of a definite request for abandonment, a parcel which cannot be delivered at the original address or at the alternative address, if one is furnished, will be returned to the sender without previous notification and at his expense.

Space is specially provided for the disposal instructions of the Sender on the Customs Declaration, which he is required to fill out for parcels posted to other countries and Postmasters are requested to see that this space is properly filled in by persons posting parcels to other countries.

(11) Insurance of Parcel Post sent via France to other Countries.—Postmasters are informed that parcels sent by the direct route through France may now be accepted for insurance to the following countries under the same terms and conditions as apply to parcels despatched by direct route for delivery in France: Albania, Algeria, Arabia (Hedjaz, etc.), Austria, Bulgaria, Corsica, Cuba, Cyprus, Czechoslovakia, Dahomey, Danzig (Free City and Territory), Egypt, Erithrea, French Equatorial Africa (Middle Congo), French Guinea, French Indo-China, French Settlements of Oceania, French Somali Coast, Greece, Hungary, India, Iraq, Italy, Ivory Coast, Jugo-Slavia, Latvia, Liberia, Libya, Lithuania, Luxembourg Madagascar and Dependencies, Martinique, Mauritania, Mauritius, Morocco (French Zone, Shereefian P.Os., British Agencies), Palestine, Persia, Portugal, Reunion, Roumania, Russia-in-Europe, Russia-in Asia, Senegal, French Sudan (Anglo-Egyptian), Sudan, Switzerland, Syria, Tunis, Turkey-in-Europe, Turkey-in-Asia.

(12) Parcel Post to the Straits Settlements, Cocos Islands, Christmas Island, Labuan, Malacca, Penang, Province Wellesley and Singapore.—The Postmasters are informed that the rates of postage on parcels sent via Vancouver and Hong Kong to the Straits Settlements have been altered and until further notice, will be as follows:—

1 lb.....	\$ 0 41	6 lbs.....	\$ 1 10	
2 lbs.....	0 49	7 lbs.....	1 18	Over 10 lbs.

Kindly stress the importance of the above on all employees concerned.

(7) **Return of Mail Bags to Nearest Depository.**—The Equipment and Supply Branch advise that heavy demands are being made on the Depositories for all classes of mail bags, and all officers concerned are accordingly requested to have every available mail bag, whether fit for stock or repair, immediately forwarded to the nearest Depository.

(8) **Perishable Articles to be kept from Heat.**—The attention of the service is called to the fact that now that the cool weather is commencing, post offices and railway mail cars will be heated, and care should be taken to see that all parcels containing articles of a perishable nature are distinctly labelled "perishable" and that the bags in which they are placed are similarly marked. Care should also be taken to see that bags containing such parcels, while in the Post Offices or during course of post in the railway mail cars, are not placed in close proximity to the heating apparatus.

(9) **Direct Return of Third Class Matter.**—Section 114 on page 24 of the Canada Official Postal Guide reads as follows:—

114. Third class matter when redirected is not liable to any additional postage if handed back to the post office with a changed address at the moment of delivery or as soon as possible thereafter.

In cases where an article of third class matter would have to be redirected owing to the addressee having removed to another locality and where there is, on the cover, a request for direct return to the sender in such circumstances this request is to be complied with. The reason for non-delivery and the present location of the addressee (if known) are to be indicated on the cover for the information of the sender. A charge will be made for such direct return equal to the original postage charge, except in cases where a number of circulars, etc., are being returned to the same address in one packet at a time, in which case return postage may be charged on the bulk weight.

It is suggested that Postmasters in the larger centres bring this section to the special attention of business concerns and others who are in the habit of sending out from time to time large quantities of individually addressed circulars.

Frequently such circulars are addressed again and again to persons who have moved away from the locality (village, town or city) or even out of the country, and although redirected by the Post Office of address, are practically wasted.

If a request for direct return to the senders in case the article cannot be delivered as addressed were printed on the envelope or cover, such items could be immediately returned to the senders thereby enabling the senders to keep their mailing lists more up-to-date.

(10) **Complete address required on Insured and C.O.D. Parcels.**—Postmasters are reminded that insured and C.O.D. parcels must be fully addressed before they are accepted for mailing. As it is essential that this regulation be followed, Postmasters will caution employees accepting parcels that they must be fully addressed as to street and number or office building, and at the same time every effort should be made to bring to the attention of the public the importance of correctly addressing all articles of mail, pointing out the delay and possible loss which may result from their failure to co-operate in this way.

(11) **Tables of Rates of Postage, etc., available for Postal Employees.**—Form 126B, showing the rates of postage and limits of weight and size of different classes of mail matter and regulations governing prepayment, has been revised to date and is now available for the use of postal employees.

Postmasters are requested, therefore, to requisition to the Equipment and Supply Branch for the quantity required to supply their offices.

(12) **Mail Matter Addressed to Lovett, Alta.**—A considerable quantity of mail matter addressed to Lovett, Alta., is being received at Leavitt, Alta. Postmasters and Railway Mail Clerks are, therefore, advised that mail matter addressed to Lovett, Alta., a non-post office point, should be forwarded to Lovettville, Alta.

(13) **Similarity in Post Office Names.**—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:—

Brampton, Ont.	Brandon, Man.
Bradford, Ont.	Bradford, England.
Stratford, Ont.	Brentford, England.
Branford, Conn.	Beauport, Quebec.
Bradford, Penn.	Brantford, Ontario.

Particular care should be taken in the sortation of mail for these offices.

(14) **Rates of Postage on Letters and Postcards from Other Countries to Canada.**—Postmasters are advised that the rates of postage on letters and postcards from the countries mentioned below, are as follows:

	Letter Rate		Postcards	
	1st Weight	2nd Weight		
Australia.....	2 pence.....	2 pence.....	1½ pence.	
Wei-hai-wei.....	15 cents de piastre....	9 cents de piastre....	9 cents de piastre.	

Surcharges should be collected according to Post Office markings.

The above is to be substituted for the corresponding entries in the August Supplement to the 1930 Postal Guide.

(15) **Parcel Post via France.**—Postmasters are informed that the rates of postage on parcel post via France to the countries mentioned below, have been altered and will, until further notice be as follows:

(2) **Air Mail Service between Peace River and North Vermilion, via Carcajou and Fort Vermilion, Alberta.**—Dating from the 8th December, an air mail service will be placed in operation between Peace River and North Vermilion, via Carcajou and Fort Vermilion, Alberta.

All classes of mail matter prepaid at the regular rates of postage may be accepted for transmission by air mail service **with the exception** that parcel post parcels must be prepaid at the rate of 25 cents for each pound or fraction up to 10 pounds and \$3.00 per parcel over 10 pounds and up to 15 pounds. Preference will be given to first class matter.

(3) **Letter Carrier Delivery at Orillia, Ont., and Granby, P.Q.**—Postmasters are requested to note that as letter carrier delivery is now in operation at Orillia, Ont., and Granby, Que., these Post Offices should be added to the list given at Section 13, page 8 of the 1930 Postal Guide of places where letters prepaid with the necessary fee may be delivered by special messenger.

(4) **Change of Colour of Postage Stamps, etc.**—In order to conform with the regulations of the Universal Postal Union, a change is being made in the colour of postage stamps and various items of postage supplies. As soon as the present stock becomes exhausted all items of the 1c. denomination will be printed in green, those of the 2c. in red, the 5c. in blue, and the 8c. in orange.

(5) **Postage Stamps and other Supplies for Christmas Season.**—Postmasters are requested to see that their requisitions for supplies of postage stamps and postal notes are sent in as early in December as possible to ensure adequate quantities of stamps and postal notes being available at their offices to meet the requirements of the busy Christmas season.

Early requisition should also be made for supplies of printed forms, envelopes, etc., necessary to carry on the work of the office during the month of December.

As there are over twelve thousand post offices in operation in Canada, Postmasters can, by giving attention to the above, help to relieve the heavy Christmas mails of a considerable quantity of matter.

(6) **Lantern Slides urging early Mailing at Christmas.**—Postmasters are reminded that as a means of encouraging early mailing at Christmas, lantern slides are available, reading:

**"MAIL YOUR CHRISTMAS GIFTS EARLY AND SAVE DISAPPOINTMENT
TO BOTH SENDER AND RECEIVER"**

These slides will be supplied on request made to the Director, Staff and Publicity Branch, Post Office Department.

It has been found in other years that theatres are quite willing to co-operate with the Post Office by the display of lantern slides and Postmasters are requested to take this matter up at an early date, with a view to bringing about early mailing at Christmas.

(7) **Parcel Containers should not be used on more than one occasion.**—Attention has been frequently called to the fact that parcel containers are used on more than one occasion, different addresses and amounts of postage being affixed in each case. Such parcels are very often mistreated as a result of this practice, particularly when they are sent via the C.O.D. or Insurance systems, thereby causing much inconvenience to the senders and addressees, also to the Postal Service. In addition to the above there is the possibility of loss of revenue owing to the fact that it is difficult at times to determine whether fresh postage has been paid. Postmasters will please therefore advise persons or firms concerned that containers used on one occasion may not be used a second time, unless the original address, postage and postmarks are covered or completely removed.

(8) **Safeguarding of Mails and Post Office Funds.**—Now that the winter season is at hand, with the usual stormy weather and frequent changes of temperature which so greatly increase the risk of fire, the attention of Postmasters is specially directed to the necessity of increased precautions being taken in the safeguarding of mails, Post Office funds and valuables.

In cases where there is not sufficient accommodation in the Post Office to properly protect valuables, especially stamps, Postal Notes, registered articles, cash, etc., such items must be removed to the Postmaster's private quarters for safe-keeping. At other points Postmasters must see that adequate precautionary measures have been taken before leaving the office.

The attention of Postmasters is again drawn to the fact that surplus cash must be promptly remitted to the Bank. Postmasters will be held strictly responsible where any loss can, in any way, be considered as due to neglect in remitting surplus cash.

(9) **Fragile Articles in Insured Parcels.**—In view of the approaching Christmas season, with its great increase in the number of parcels posted and claims made for damage to contents, Postmasters are requested to give the packing and protection of "Fragile" articles their most careful attention.

When a parcel is being posted, enquiry should be made regarding nature of contents and the method of packing. If the contents are of a nature easily damaged and the packing is considered inadequate the sender is to be informed that the parcel will be insured against loss only, and it is to be so endorsed.

Shoe and similar boxes, which are frequently used, are not sufficiently strong to afford the required protection.

"Fragile" stickers and bags are to be made use of when necessary.

It is to be specially noted that while the onus of preparing a parcel rests with the sender, it is the duty of a Postmaster to ascertain if a parcel is put up in accordance with the regulations. If this very important duty be neglected and the Department is consequently called upon to pay indemnity, the Postmaster will be required to pay a portion if not the full amount of the claim.

If Postmasters and postal employees will keep this matter in mind, the result will be beneficial to both the public and the Post Office. The former will receive their parcels in good condition and the Post Office will have fewer claims to pay.

(10) Small Cards and Envelopes.—Postmasters should bring to the attention of the mailing public the objections to the use of small cards and envelopes, which at any time are difficult to handle, but particularly so during the busy Christmas and New Year seasons.

In urging the public to use cards and envelopes larger than 3 inches by 4 inches, the following objections to the smaller size should be pointed out:—

1. Small envelopes and cards cannot be satisfactorily passed through the electric cancelling machines. This, at many offices, means a slower cancellation and general handling.

2. The cancellation mark in many cases obliterates part of the address, with the probability that the articles may be misdelivered or at least delayed.

3. The small size renders the sortation and making up of bundles more difficult and hampers the work of the office at a time when speed is essential.

4. Owing to small size there is a greater possibility of loss, as small cards or envelopes may fall out of the bundle to which they are tied.

Postmasters are requested to do everything in their power to bring the above to the attention of the public.

(11) C.O.D. Articles not to be held unduly.—Attention has been directed to the practice of Postmasters at the office of destination holding C.O.D. parcels beyond fifteen days on written application being made by the sender, and it is therefore pointed out that while a C.O.D. parcel may be held beyond fifteen days on request of the sender, it will be held only at his risk. The Department will not be liable for indemnity in connection with the loss of, damage to, or abstraction from a parcel held in this way unless a post office employee is directly responsible.

(12) Mail Matter addressed to Beaconsfield, P.Q.—The Postmaster, Treherne, Man., reports the receipt at his office of mail matter for Beaconsfield, P.Q., evidently misssent to Treherne under the impression that it was intended for Beaconsfield, Man., a closed post office. Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail addressed to Beaconsfield, P.Q.

(13) Mail Matter addressed to Barrhead, Scotland.—The Postmaster at Barrhead, Alberta, reports that a considerable quantity of mail addressed to Barrhead, Scotland, is being received at his office. Postmasters and Railway Mail Clerks will please exercise particular care in the sortation of mail for these points.

(14) Similarity in Post Office Names.—The attention of Postmasters and Railway Mail Clerks is called to the similarity in the names of the following Post Offices:

Lindon, Alta.	Minton, Sask.
(non-Post Office point)	
Lyndon, Alta.	Winton, Sask.

Particular care should be taken in the sortation of mail for these offices.

(15) Air Mail Rates.—Postage, including fees for all air mail services available en route and in country of destination—

Country	Postage, including fee for all air mail services available
Brazil.....	55c. each $\frac{1}{2}$ oz.
Dutch East Indies (via Holland).....	35c. each $\frac{1}{2}$ oz.
Jamaica.....	15c. each $\frac{1}{2}$ oz.
Malay States (via Holland).....	30c. each $\frac{1}{2}$ oz.
Straits Settlements (via Holland).....	30c. each $\frac{1}{2}$ oz.

Postmasters will please add the above to the lists appearing on page 2 in the Post Office Weekly Bulletin, issue of 1st March, and on page 13 in the April Supplement to the 1930 Postal Guide.

(16) Assist your Exchange Offices in Christmas Mailings for Overseas—IMPORTANT.—Now that mailings for Great Britain and overseas countries are reaching the peak of the Christmas rush period, attention is directed to the following points, the non-observance of which causes embarrassment to the Canadian despatching exchange offices, where the extra work is very heavy at this time. Postmasters and all postal employees are asked to assist our exchange offices by endeavouring to see that these points are observed.

MARK THE WORDS "LETTER RATE" on any packages prepaid at letter rate.

SMALL BOXES OF CAKE should be prepaid at either letter rate or parcel post rate. These should be well packed. In practically every mail, cake is found loose in the bag.

PHOTOGRAPHS FOR ITALY in packages weighing over $3\frac{1}{2}$ ounces must be prepaid at parcel post rates.

SAMPLES, PHOTOGRAPHS AND PRINTED MATTER may be insured IF PREPAID AT PARCEL POST RATES.

INSURED PARCELS for Belgium, Denmark, France, Germany, Holland, Irish Free State or Italy, may be prepaid either for direct route or via England. Insured parcels for Sweden and Norway and other countries to which the insurance is via England, also for countries to which insurance is via France must be prepaid at parcel post rates via England or France.

PARCELS FOR NORTHERN IRELAND (Counties of Antrim, Armagh, Down, Fermanagh, Londonderry and Tyrone) should be prepaid at parcel post rates to Great Britain—NOT to Irish Free State.

(17) **Direct Exchange of Parcel Post with Cuba.**—Postmasters are informed that a direct exchange of parcel post has been arranged between Canada and Cuba.

Direct parcel mails from Canada will be made up at Halifax and despatched by steamers of the Pickford and Black Line commencing with the S.S. "Andalusia" on the 7th January, 1931.

The rate of postage will be 15 cents for each pound or fraction thereof. The limit of weight will be 11 lbs.

The regulations as to packing, customs declarations, prohibited articles, etc., will be the same as for parcels for Cuba hitherto sent by way of England and France.

The direct parcel post service will supersede the present services via England and France.

(18) **British Postal Agency at Wei-hai-wei, China, closed.**—The British Postal Agency at Wei-hai-wei has been closed, and in consequence the postage rates on mail matter for that place will in future be the same as for other places in China, viz.—

(19) **Parcel Post via Sweden to Norway, Denmark, Finland and Estonia.**—Arrangements have been made with the Postal Administration of Sweden to provide onward transmission for parcels for Norway, Denmark, Finland and Estonia, despatched from Canada by steamers of the Swedish America Line sailing from Halifax to Gothenburg.

Postmasters are, therefore, authorized to accept parcels in future for despatch via Sweden to Norway, Denmark, Finland and Estonia, as well as by the present routes, the choice of route being left with the sender.

The first parcel post despatch available under the new arrangement will be by the S.S. "Drottningholm" from Halifax on the 1st December 1930.

The parcel mails will be made up at Halifax, and parcels for these countries, intended for despatch via Sweden should always be sent to Halifax.

(21) **Treatment of Undeliverable Parcels from other Countries except United States.**—The attention of Postmasters is directed to section 411, page 82 of the Postal Guide for 1930, in reference to the treatment of undeliverable parcels from other countries (except the United States). This section provides that parcels received by parcel post from Great Britain and other countries except the United States, which cannot be delivered at the original address, or the alternative address, if one is furnished, and which do not bear a definite request for abandonment, should at the expiration of a period of 60 days be sent to the proper Canadian Parcel Post Exchange Office for return to the sender, without previous notification, at his expense.

A number of Post Offices are mistreating parcels of this kind by forwarding them to District Dead Letter Offices, instead of to the nearest Exchange Office for return to the country of origin.
